

GIANTS TAKE SLUGFEST FROM YANKS. 13 TO 5

SIX PITCHERS USED IN 3RD GAME OF SERIES

By United Press Leased Wire
Polo Grounds, New York.—Coming suddenly to life after a 48 hours' trance, the Giants of John McGraw rose up and battered the cocky New York Yankees almost to a pulp in the third game of the world's series here this afternoon.

Awakening with murder in their eyes, the National league champions slew four Yank pitchers and won in a rout by a score of 13 to 5.

It took a Yankee rally in the third inning when the American champions scored four runs to break the spell under which McGraw's men lost the first two games of the series without a run. Jess Barnes, the frail right hander who had been rushed to the rescue just a few minutes before when the ponderous Fred Toney had been knocked out of the box, started the festivities which brought out the previously paralyzed power in the Giant bat bag.

First-Inning
Yankees—Miller up, Strike 1 swung. Strike 2, called. Miller lined to Frisch who made a beautiful stop of a smashing drive. Peck up, Strike 1, called. Ball 1. Foul strike 2. Peck out, Rawling to Kelly on an easy chance. Ruth up. The crowd went crazy when the Babe came to bat. Ball 1. Ball 2. Strike 1, swung. Strike 2, called. Ball 3. Ruth fanned, swinging. No runs, no hits, no errors.

The crowd went wild again when Ruth fanned. It gave Toney a big hand as he stalked to the bench. Ruth threw dust in the air and stamped his feet on one of Quigley's called strikes.

Giants—Burns up. Ball 1. Ball 2. Ball 3. Strike 1, called. Strike 2, called. Burns flied to R. Meusel. Bancroft up, Strike 1, called. Bancroft out: Ward to Pipp on an easy roller. Frisch up, Strike 1, called. Frisch singled to right on a liner right in front of R. Meusel. Young up, Foul strike 1. Ball 1. Foul strike 2. Ball 2. Ball 3. Young walked. Kelly up, Strike 1, swung. Ball 1. Kelly out, McNally to Pipp. No runs, one hit, no errors.

Shawkey appeared to be favoring his arm which has given him trouble all season and had neither speed nor control.

Second Inning
Yankees—R. Meusel up, Strike 1 called. R. Meusel doubled to left. It was a pop fly that dropped in short left center and which Burns nor Bancroft could reach. Pipp up, Strike 1 called. Ball 1. Pipp sacrificed Toney to Kelly. R. Meusel was out when Rawlings tossed. Ward's grounder to Snyder at the plate. McNally up, Strike 1 called. McNally forced Ward. Bancroft to Rawlings. No runs, one hit, no errors.

Toney got out of a tight hole when R. Meusel was caught at the plate on Ward's weak roller to Rawlings.

Giants—E. Meusel up. Foul strike 1. Meusel singled to right but was nearly nipped off first by a throw from his brother Bob. In right field, it was the Giant Meusel's first hit of the series. Rawlings up, Rawlings lined into a double play on the first ball. Ward to Pipp. It was a most spectacular play. Ward went high in the air and pulled it down. Snyder up, Strike 1 called. Snyder singled to Pipp. Toney up, Strike 1 called. Ball 1. Snyder was out, Schang to Peck when he tried to reach second on a short passed ball. No runs, two hits, no errors.

Shawkey was growing wilder and could only get the ball over by grooving it. Ward's spectacular catch cut off what appeared to be a dangerous blow.

Third Inning
Yankees—Schang up, Ball 1 Strike 1, called. Ball 2 Strike 2, called. Ball 3, Schang walked. Shawkey up, Shawkey singled to right on the first ball. Schang going to third. Miller up, Miller singled to right. Schang scoring and Shawkey pulling up at second. It was the first ball pitched. Peck up, Ball 1. Ball 2. Ball 3. Strike 1 called. Peck walked, filling the bases. The crowd acted like maniacs when Ruth came to bat. Ruth up, Ball 1. Bancroft. Snyder and Toney looked toward McGraw on the bench and went back to the mound. Foul, strike 1. Ball 2. Foul, strike 2. Ball 3. Ruth smashed to right for a single, scoring Shawkey and Miller. Peck stopped at third. R. Meusel up, Toney was removed from the box and Jess Barnes came in to relieve him. Ruth was nearly nipped off first. R. Meusel up, Ball 1. Ball 2. Strike 1 called. Ball 3. Strike 2 swung. Ruth out stealing. Snyder to Rawlings. Peck made no attempt to come in on the play. R. Meusel walked. Pipp up, Ball 1. Pipp out, Rawlings to Kelly. Peck scoring and R. Meusel taking second. Ward up, Ball 1. Strike 1 called. Foul strike 2. Ball 2. Ward fanned. Four runs, three hits, no errors.

Toney went all to pieces in this

DOMINIONS WIN ON REQUEST TO ENTER ARMS CONFERENCE

Premier Lloyd George Cannot Attend Disarmament Conference in Person

Melbourne, Australia.—Premier David Lloyd George has cabled to Ambassador Geddes at Washington, stating, definitely that he cannot attend the forthcoming conference on limitation of armaments. Premier Hughes of Australia read the cable in the house of representatives Friday.

Hughes announced that Arthur James Balfour and Lord Lee would be two of the British delegates to Washington, and that Minister of Defense George Foster Pearce would represent Australia. A third delegate from the British Isles has been named, but has not accepted.

In all, there will be six British representatives at the arms conference, three of them from dominions.

The decision to have dominion representation at Washington has been hailed with the greatest enthusiasm by Australia, since the bitterness caused by "America's slamming the door" upon separate representation for Australia is in a measure removed by this action of the British government.

Hughes gave no indication of who the other dominion representatives would be. Pearce will represent New Zealand as well as Australia.

RUSTY NAIL CAUSES LOCKJAW TO DEVELOP

Viola, Wis.—Assemblyman E. R. Cushman of this city is in a serious condition Friday at LaCrosse hospital where he is being treated for lockjaw. Two weeks ago he stepped on a rusty nail and his present condition rapidly developed. Cushman represented Richland county in the lower house of the legislature at the last session.

New Engines Of War Add To Destructive Forces

By United Press Leased Wire
Abandon, Md.—New and improved engines of war Friday turned the Aberdeen proving grounds into a veritable battlefield of red wrath, earth shaking concussion, and biting, acrid puffs of gas and smoke.

To the known terrors of war were added the 35 mile gun which hurls 16 inch projectiles; airplane bombs weighing from 2,000 to 4,000 pounds; machine guns spitting bullets twice as heavy and twice as far as the Brownings used during the war; flash powder; a one-man tank that "crawls or swims"; new principles in antiaircraft attack and other weapons designed to make war more destructive than ever before.

These weapons received their tests at the proving grounds under the eyes of ranking officers of the army and navy; civilians famous in the world of ordnance manufacture; and a distinguished gathering of international notables.

Job Or No Job, They Elope And Marry Anyway

By United Press Leased Wire
Milwaukee.—Cupid, the little god of love, is not worrying about lack of funds or financial depressions.

Despite the depressing situation, many Wisconsin couples are daily being married at Waukegan, Ill. Many are reported being married who have hardly sufficient funds to pay the wedding expenses, while some of the bridegrooms are out of work.

HARDING ACTS TO HALT SPLIT IN PARTY RANKS

Western Senators Appear to Hold Balance of Power in Success of Program

BY DAVID LAWRENCE
Copyright, 1921, by Post Pub. Co.
Washington.—The solidarity of the Republican party hangs in the balance. Temporarily, at least, the administration leaders have achieved a truce. The agricultural bloc, as the group of western Republicans are called, has succeeded in making such a show of insurgency as to alarm the eastern leaders with the result that peace overtures have been made by the latter.

Senator Lodge, administration leader, spent an hour with President Harding immediately after the conference at the home of Senator Capper of Kansas, at which the agricultural senators were petitioned to keep in mind the future of the Republican party. Senator Lodge appeared in the role of peacemaker and avoided committing himself to any definite program, but carried word that Senator Jim Watson of Indiana, Senator Penrose of Pennsylvania and the other administration Republicans were willing to make concessions to meet the western senator half way.

Just what price the eastern Republicans will have to pay for party solidarity has not yet been determined. Some of the agricultural bloc were of the opinion that the surtaxes on the higher incomes would have to be restored and that immediate repeal of the transportation taxes would have to be agreed to before there would be any break in their ranks. As for a sales tax on manufacturers' tax, the agricultural senators made plain their unalterable opposition. Some of them are more favorable to the "manufacture" tax as proposed by Senator Smoot than any at the earlier plans for a sales tax but the majority of the Republicans will not accept even that form of taxation.

Harding Worried
President Harding is plainly worried. He has been conferring with individual senators in the hope of getting harmony. His administration spokesmen are working night and day in an effort to prevent a break between the eastern and western senators. It looked for a time as if the agricultural bloc would form a coalition with certain Democrats who feel as they do and bring about the passage of amendments to the house bill which would greatly embarrass the Republican program.

Senator Watson appealed to his Republican colleagues from the west to throw their weight on one side of the aisle if the senate and forego the humiliation of party division on the first great issue of the Harding administration. His appeal was headlined, however, only when he signified a willingness to surrender to the western Republicans on some essential points.

The western Republicans indicated Thursday that they were very much encouraged by the results of Senator Capper's conference and the informal statements of administration leaders. Meanwhile the Democrats are playing their usual shrewd tactics. As a minority party they always have managed to get along better than as a majority. Senator Simmons of North Carolina, a Democrat, who knows a thing or two about taxation, is framing some plausible tax amendments which it will be difficult for some Republicans to vote against. All the troubles of tariff-making in the old days have been revived only with ever so many more complications and combinations.

BANKERS TO SUPPORT UNEMPLOYMENT CONFAB

By United Press Leased Wire
Los Angeles, Calif.—President Harding's unemployment conference is to have the support of the bankers of the United States. It became evident here Friday.

A resolution endorsing the conference probably will be adopted before the convention of the American Bankers' association adjourns, and several hundred bank officials are preparing to help put into effect the recommendations of the conference when they get back home.

"Nuisance" Taxes To Be Repealed By Senate

RIO WOMAN ELECTED EASTERN STAR HEAD

By United Press Leased Wire
Milwaukee.—Mrs. M. Pease, Rio was elected grand matron of the grand chapter, Order of Eastern Star, at the closing of the thirty-first annual convention of the organization here Thursday night.

ANTI-JAPANESE TALK IS NONSENSE, WOOD SAYS

By United Press Leased Wire
Tokio.—"All this loose talk about trouble between Japan and the United States is nonsense," Major General Leonard Wood declared, addressing a banquet given him here by the American Japanese society.

Amendments Demanded by Progressives are Written In to Tax Revision Bill

HARDING APPROVES CHANGE With Compromise Accomplished, Early Passage of Bill is Expected

Washington, D. C.—Sweeping amendments demanded by Republican progressives in the senate Friday were being written into the Fordney-Penrose tax revision bill.

With President Harding's approval on the radical changes, the reluctant acquiescence of the "old guard" and the support of the agricultural "bloc," the early passage of the compromise measure was apparently assured.

The main changes are:

1. Increase of maximum surtax rates from 22 to 50 per cent.
2. Repeal of taxes on freight, passenger and Pullman charges.
3. Repeal of the \$2,000 exemption on corporations estimated to yield \$60,000,000 additional revenue.
4. Retention of the capital stock tax, estimated to yield \$75,000,000.
5. Repeal of all "nuisance" taxes, such as those on soft drinks and proprietary medicines.
6. Increase maximum rate of estate taxes from 25 to 40 per cent on estates above \$100,000.

Big Delegation At State City Meeting

Appleton Will be Well Represented at Municipalities Convention in Janesville Next Week—All Officials Going.

"Pose Nude Or Quit My Job," Audrey Says

St. Louis, Mo.—"I'll quit my profession if I can't pose nude," Audrey Hunson, famous sculptor's model, said Friday following her acquittal by a jury in the criminal court of correction on charges of immoral posing.

The jury which deliberated only five minutes also freed Ben J. Judell, her manager, of Minneapolis.

Showing of the picture "Innocence" in which Miss Hunson stars, at the Royal theatre last Saturday resulted in the arrest of the model and Judell.

Miss Hunson shook hands with each juror after the verdict was read, saying it was a just decision.

Appleton will have one of the largest delegations in the state at the convention of the League of Wisconsin Municipalities to be held in Janesville Oct. 12 to 14 if plans proposed at the meeting of the common council are carried out.

It was stated that between aldermen and city officials there were at least ten automobiles, enough in which to convey every alderman and official who wished to attend. With no transportation to pay it was believed that almost the entire force could go. All aldermen said they would attend, and many of the city department heads and others also expressed a willingness.

Mayor Hawes was especially enthusiastic about the plan, because the practical addresses and discussions which feature the convention would be of invaluable aid in efficient administration of local affairs. Another reason a large attendance is desired is that numbers will have weight in the desire to have the 1922 convention held here. E. L. Williams, city clerk, will canvass the eligible delegates next week and secure enough cars to transport them all.

Meet Next Monday
A number of routine matters were disposed of at the meeting, including allowance of bills amounting to \$15,335.45 and approving a loan of \$12,000 for the high school. The council later resolved itself into a committee of the whole and resolved to meet at the city hall at 2 o'clock Monday Oct. 10 to investigate the need of an intake further out into Fox river at the municipal water plant.

Adoption of the street and bridge committee's report authorized improvement of College-ave. from Outagamie west to Victoria-st.; to open Jackson-st. from Maple to Calumet-st.; to place a mushroom danger light at the corner of College-ave. and Appleton-st. similar to the one at Oneida-st. corner of Washington-st. Residents to make the block between Oneida and Morris-avenue, a prohibited parking zone was denied. Previous complaint had been made because theaters' parked automobiles there and disturbed sleepers at a late hour.

Fire hydrants were authorized on Wadham Oil company property. C. French and company were awarded contract for a sewer on Pine-st. \$815; H. H. Waite, Durkeest, \$222.45; F. Bartz, Bateman-st. sewer, \$628.35.

FARM WAGON AND AUTOS IN WRECK

Farmer's Failure to Carry Lights Causes Accident at Little Chute

Henry Van Gompel, Little Chute, aged about 70, was injured shortly after 6 o'clock Friday evening when a wagon on which he was riding was struck by an automobile owned by a Mr. Hemken of Alberta, Canada. Another automobile, loaded with tourists, crashed into the wreckage of the first car and wagon a few minutes later but none of the occupants were hurt. The accident occurred just east of Little Chute.

According to witnesses, Mr. Van Gompel was driving west on the highway without lights when he was struck in the rear by the Canadian machine. Van Gompel was thrown to the pavement. Another car coming from the west skirted the wreckage but a running board was torn off. The accident is attributed to the fact that the wagon was without lights.

NO PLACE TO PUT VISITORS IN CITY

Woman's Club Seeking Accommodations for Federation Delegates

"Did you ever ask overnight guests to your home and then find that you had no place to put them? Awful feeling, isn't it? Never experience it? Well, if you are a member of the Appleton Womens club you are experiencing it right now."

More than 400 delegates to the Wisconsin Federation of Womens Clubs convention have been invited to the meetings in Appleton. The Appleton Womens club, by the exception that the 1,363 members of the club and others who are friends to the club would be able to house them for three nights, and give three breakfasts, beginning on Wednesday. But something has happened which isn't entirely the fault of any one except perhaps the same person who caused the house shortage.

Many members of the club who had originally planned to take two or more guests have since rented out the spare rooms to people in the city who were looking for a place to live permanently. Others have not been able to have guests during this time for one reason or another. Consequently with the convention, less than a week away, a large number of guests cannot be provided with rooms.

Won't you help by making room in your home for two?

ASSAULT CASE IS TRIED IN COURT

Prosecuting on a charge of assault and battery in municipal court Friday afternoon, the state confronted Paul Peters with the piece of lead pipe which he is alleged to have used in an attack upon G. E. Froelich, an automobile salesman, on his farm in the town of Ellington, July 6.

According to Froelich's story, he went to the Peter's farm on that date to attempt to sell Peters a motor truck. During the conversation the two became involved in a quarrel and Peters attacked the salesman with the piece of pipe.

The case was heard by a jury before Judge John Botsenack, acting municipal judge in place of Judge A. M. Spencer who was out of the city.

U. S. May Have New Crop Of Millionaires -- If

By United Press Leased Wire
New York.—Americans have invested a half billion dollars in German marks, according to authoritative information obtained in banking circles here Friday.

Should the German currency ever reach its prewar value of 24 cents, a new crop of American millionaires would be created from the investors. Unless steps are taken to stabilize the mark, however, bankers fear that these dreams of millions may be shattered and that investors may face losses instead of gains.

One of the obstacles to stabilization is the very fact that billions of dollars worth of marks bought here at low prices might be resold into the market if a stable price were established, and thus destroy it.

The average American banker with under the most favorable circumstances, the paper mark never can attain a value of more than six or seven cents.

ORGANIZE CLASSES FOR SERVICE MEN

Committees appointed for the organizing of evening classes for former service men will meet at the Vocational school Friday night for the purpose of organization and to petition the state board of education for aid. Organization of these classes is made possible by a recent bonus law which states that where 15 former service men sign up for any one course, the state board of education shall furnish instructors and classes.

The following committees and members were named:

Industrial management committee—T. H. Morrissey, H. J. Pedgrew, M. Stegeman, W. S. Ford, Chester Allen, and A. J. McKay.

Lettering and card writing committee—Edgar Schommer, Clark Goodland, Ed. N. Nielsen, Chester Allen, and W. S. Ford.

Paper making committee—R. A. Peterson, W. A. Holmes, Eric Lindberg, Charles Boyd and Chester Allen.

Bookkeeping committee—William A. Zlake, H. B. Little, Arthur E. Mory, Chester Allen, W. S. Ford and Herman Getchow.

CORNERSTONE TO CONTAIN HISTORY OF NEW HOSPITAL

Documents Will be Preserved in New Building—Community is Praised

Old coins, the newspaper of the day, the history of St. Elizabeth hospital, a document concerning the building of the new hospital will be placed in the cornerstone of the new hospital building, which will be placed in the corner of the old hospital building, at the corner of the Green Bay and Wisconsin streets, at 2 o'clock Sunday afternoon.

The two documents which follow have been printed on fine parchment paper to increase their historical value to the next generations. The old coins will include a penny, a nickel, a dime, a quarter, a half dollar, a dollar and a five dollar gold piece. Sister Mary Vitz, who has been at St. Elizabeth hospital for several years is the present superior, while Sister Mary Edmund is the superintendent of the hospital. There were but four nuns at the first hospital which was opened Nov. 19, 1899 while there are 25 on the present hospital staff.

The history of the hospital as prepared for the cornerstone follows:

In the year eighteen hundred and eighty five, the Hon. Hamilton A. LeVing, then Mayor of the City of Appleton, Wis., invited the Franciscan Sisters of St. Louis, Mo., to come to Appleton, to erect a hospital; but the opportunity time had not yet come, it took some fourteen years longer, to realize the desire of the good mayor and his citizens. When need of a hospital became more and more pressing in the year eighteen hundred and ninety nine, the good people of Appleton still held at heart the wish, to obtain the services of the Franciscan Sisters; and at this time the Rt. Rev. Sebastian G. Messmer then Bishop of Green Bay, Wis., delegated the Rev. John Kaster, Pastor of the Sacred Heart church in Appleton at that time and Dr. Freund to call on the Franciscan Sisters at Milwaukee, to correspond with Ven. Mother Mary Caedilla, Mother Provincial. This resulted in the delegation of Ven. Sister M. Emilia and Sister Vitz, to go to Appleton, Wis., to investigate and advise look for a suitable site to erect a hospital. This was soon found where the present hospital now stands. A small frame house on the lot was at once prepared for a temporary hospital and on the nineteenth day of November 1899 the Ven. Sister M. Carolina Superior with three other sisters arrived from St. Louis, Mo., and took charge of the new field and started the work of Christian Charity.

Poor and humble as it seemed to be, the heavenly blessings rested on the work of these good sisters. This little frame building was called St. Elizabeth hospital and was soon found inadequate to receive all the patients who sought the service of the sisters.

It was therefore decided to erect a more spacious and up to date building, the cornerstone of that building was laid on the 19th day of June 1900, by the Rev. Msgr. J. J. Fox, then Vicar General of the Green Bay diocese. Plans were drawn and furnished by Architect Wildhagen. This hospital was finished and dedicated May the 8th, 1901, by Rt. Rev. Sebastian G. Messmer, then Bishop of Green Bay.

The people of Appleton contributed eight thousand seven hundred and thirty four dollars to this fifty bed capacity hospital, which at that time seemed to be amply large, almost too large. In spite of the donation there was still a large debt to pay for the poor sisters and pay interest on it.

After many years of hard work and trials, the sisters had gained the confidence and love of the citizens of Appleton and surrounding country. The number of patients increased from year to year when at last in 1920 the extreme need of a larger hospital was keenly felt; but as there was still some debt on the first building and no money ahead, it seemed impossible to put up a new building, especially in such adverse times and conditions, as the great world war had left behind. Nevertheless the thoughtful people of Appleton found a means to raise a building fund. A campaign was started and accomplished within four days, with the wonderful result of five hundred thousand dollars subscription, of which the public subscribed three hundred thousand and the Order of Franciscan Sisters pledged two hundred thousand dollars.

The executive officers of the campaign are: M. A. Wertheimer, general chairman; F. J. Sengenbrenner, vice chairman; A. H. Krugmeier, county organization chairman; J. P. Frank, chairman city of Appleton; T. A. Gallagher, secretary.

Executive Committee—J. P. Frank, A. H. Krugmeier, A. J. McKay, L. J. Marshall, J. D. Steele, J. J. Plank, H. L. Davis, S. D. Balliet.

Special mention must be made of Very Rev. W. Fitzmaurice, Rev. Josephat Muesis, O. M. Cap., Rev. P. L. Ruessman, Hon. John Conway, Gustave Keller, postmaster of Appleton and a large number of others, all of whom worked hand in hand with the committee. The campaign started May 25, and closed May 29, 1920.

A perfect system of handling this campaign fund, had been arranged for by the committee, and Major A. J. McKay of Appleton, Wis., was legally appointed trustee.

Appleton and Outagamie county people certainly deserve praise and admiration for their generous donations, to enable the sisters to erect a 200 bed hospital, which will be one of the most practical and best equipped hospitals in the states.

May God's choicest blessing rest on all and every one, who by their efforts accomplished this great work of charity and human kindness.

The other document which contains a statement of facts concerning the building of the new hospital is as follows:

V. Adjutorum nostrum in Nomine Domini
R. Qui fecit eorum et terram
In the year of our Lord Nineteen Hundred and twenty-one, under the glorious reign of the holy Pontiff Benedict XV, his Grace the Most Rev. John Bonzano, apostolic delegate to the United States of North America, his Grace the Most Rev. John J. Glennon, archbishop of St. Louis, Mo.; the Most Rev. Sebastian G. Messmer, archbishop of Milwaukee, Wis.; the Rt. Rev. Paul P. Rhode, bishop of Green Bay, Wis.; the Rt. Rev. Msgr. P. J. Leckman, vicar general of the diocese of Green Bay, Wis.; the Very Rev. W. Fitzmaurice dean and pastor of St. Marys Church, Appleton, Wis.; the Rev. F. L. Ruessman, pastor of Sacred Heart Church, Appleton, Wis.; the Rev. Cyril Kufner, Guardian of Capuchin Fathers, and Rev. Basilus Gummerrmann O. M. Cap., pastor of St. Joseph church, Appleton, Wis.; the Rev. H. A. Hukestein, superior of the Franciscan Sisters, St. Louis, Mo.; the Ven. Mother Mary Veneranda, the Ven. Mother of the Franciscan Sisters, Salkotten Germany; the Ven. Mother Mary Casimira, mother provincial of St. Clara province of the Franciscan Sisters of St. Louis, Mo.; the Ven. Mother Mary Vitz, superior of St. Elizabeth hospital, Appleton, Wis.; the Honorable Warren T. Harding, President of the United States of North America; the Hon. J. J. Blaine, governor of the State of Wisconsin; the Hon. R. M. La Follette, oldest Senator of Wisconsin; Hon. David Glasenator, member of Congress, Appleton

Wishes to record the fact that the Franciscan Sisters of St. Louis, Mo., have been instrumental in the building of the new hospital in Appleton, Wis., and that the community is proud to have them as its neighbors.

May God's choicest blessing rest on all and every one, who by their efforts accomplished this great work of charity and human kindness.

Public is Invited to Attend Red Cross Entertainment at Chapel

The Red Cross of Peace, the pageant which will be put on free of charge by the Outagamie county chapter of the American Red Cross at Lawrence Memorial chapel, at 8 o'clock Friday will make the public realize the problem of the former service men. All preparations for the pageant are completed. Miss Alice Barrows, director of pageantry for the central division of the American Red Cross and Mrs. L. H. Moore, local director, had charge of the dress rehearsal at Memorial chapel Thursday evening.

The pageant through a combination of realism and symbolism points to the fact that many former service men are having a desperate and silent battle to get back to their way of living before the war. It shows that we are wrong when we are moved to tears when we behold the men in the hospital, when we behold the fate of the man, who is being treated for insanity in an institution and forget the average individual who has returned to civilian life with many big personal problems. For these men, when compensation has been procured their problems

have only begun. The pageant makes an attempt through more than 500 people in the county to get across the message of the reconstruction work necessary now.

Those in charge of the pageant are extending a cordial invitation to all members of the community to attend the production which will begin promptly at 8 o'clock.

Those in the cast are: Buglers: William Schroeder, John Hancock. Prologue: Mrs. C. W. Treat, Spirit of Humanity; Mrs. J. P. Frank, Florence Nightingale; Mrs. C. J. Bell, Little Chute, Clara Barton; Mrs. John Haug and Miss Helen Stinson; Civil war nurses: John Perry and Raymond Peters; Civil war Union soldiers; George Barnes, Neenah, Henry Dunand; Mrs. E. M. Rideout, Hortonville; Red Cross of War; Mrs. Gustav Keller, Community.

Those who take part in the first section are Mrs. Harrison Fisher, motor corps; Mrs. Mabel Shannon, Mrs. M. F. Barreau and Miss Marie Ziegenhagen, sewing department; Mrs. E. Louise Ellis, Miss Jane Powell, Miss Margaret DeYoung, surgical dressings; the Misses Helen Sugerman and Marie Sherman, canteen service; Miss Ada Kethro, Mrs. W. F. Winsey, Mrs. William Nemacheck, knitting department; Mrs. Thomas Orblison, Mrs. Agnes Arnold, home service section; Dr. E. F. McGrath and Dr. J. L. Benton, overseas personnel and Mrs. Gustav Keller, community.

The second part of the first section is being put on by the following people from Medina and Dale: Bertha Schultz, county nurse, Melva Yanke, Laura Yanke, John Shebern, Mrs. A. E. Yanke, Mr. Hubbard, Mrs. Lyle Ray, Mrs. Richard Winkler, Mrs. Sam Ruppel, Miss Laura Brock, Miss Viola Brock, Miss Adelaide Winkler.

Mrs. Roy Marston will be Columbia and Mrs. E. E. Dunn, the Red Cross of Peace in the second section. The group which puts on the second part is:

Mrs. Eugene Orblison, Miss C. Van Slyke, Mrs. Sloan, Mr. Bentley, Leon Wolf, August Arens, William DeWolfe, Henry Rabold, Mrs. McMillan, Mrs. Aired, Mrs. Jarvis, Mrs. Ebert, Mrs. Percy Blount, Mrs. Derfeld, Mrs. Glen Meldam, Mrs. Grace Riegles and Mrs. Carl Elias.

Those who are in the third and fifth actions are: Richard Tutrup, Craig Stillman, a group of children from the Kimberly school, a group from the high school, a group of sixth grade girls under the supervision of Miss Jean Jackson, and a group of kindergarten children in interpretive dancing under the direction of Miss Genevieve Carroll and Pearl Runt. Mrs. Frank Gatin and five little children, Herbert Farrand is the returned soldier.

Miss Dorothy Miller returned Thursday to her duties in Washington, D. C. after spending three weeks with her parents here.

EXTRA GLOVE VALUES
CAPE GLOVE SPECIAL IN FULL PIQUE STITCH. One clasp in brown and beaver, all sizes. \$2.25 values. Special pair, \$1.25.

CAPE GAUNTLET GLOVE WITH STRAP—FULL PIQUE STITCH. Colors brown, beaver and gray, all sizes. \$2.00 values. Special at pair \$2.25.

CHAMOISSETTE GAUNTLET GLOVE. With self color embroidered back, colors brown, mode, beaver, gray and white. All sizes. At pair \$1.00.—GEENEN'S.

Ladies' Union suits of fine soft medium weight yarns. Good, long, short or no sleeves, low, medium or high neck, all ankle length. White only, and perfect fitting. Regular sizes \$1.29. Out sizes \$1.59. Gloucemans Gage Co. Adv.

Attend the Dancing Party at Elks Hall, Saturday nite. Admission \$1.10.

modern laundry will be erected on the north side of the old hospital building. Also a new chapel will soon be under construction.

On June 26th, 1921 the ground or site of the new St. Elizabeth hospital was blessed by the Rev. Josephat Muesis, O. M. Cap., and the first shovel of earth was taken out by his priestly hand; he was followed by Ven. Mother M. Vitz, all the Sisters, Mr. Joseph H. Temme, Supt., all doctors and nurses present. On June 23, 1921, actual work for excavation was started and according to contracts the hospital will be finished by November 1, 1922.

The corner stone of this building was laid by his Grace Peter Paul Rhode, Bishop of the diocese of Green Bay, in the presence of the priests of the diocese, the ministers of the various denominations, the officials of the City of Appleton, the Rev. Mother Mary Veneranda, mother general, the Ven. Sister Mary Casimira, mother provincial and thousands of people of all denominations.

Let us now pray with the Psalmist: Fiat misericordia tua Domine super nos, quoniam modum speravimus in te in te Domine speravimus non confundamur in eternum.

PAGEANT SHOWS BIG PROBLEMS OF FORMER SOLDIER

Public is Invited to Attend Red Cross Entertainment at Chapel

The Red Cross of Peace, the pageant which will be put on free of charge by the Outagamie county chapter of the American Red Cross at Lawrence Memorial chapel, at 8 o'clock Friday will make the public realize the problem of the former service men. The pageant through a combination of realism and symbolism points to the fact that many former service men are having a desperate and silent battle to get back to their way of living before the war. It shows that we are wrong when we are moved to tears when we behold the men in the hospital, when we behold the fate of the man, who is being treated for insanity in an institution and forget the average individual who has returned to civilian life with many big personal problems. For these men, when compensation has been procured their problems

have only begun. The pageant makes an attempt through more than 500 people in the county to get across the message of the reconstruction work necessary now.

Those in charge of the pageant are extending a cordial invitation to all members of the community to attend the production which will begin promptly at 8 o'clock.

Those in the cast are: Buglers: William Schroeder, John Hancock. Prologue: Mrs. C. W. Treat, Spirit of Humanity; Mrs. J. P. Frank, Florence Nightingale; Mrs. C. J. Bell, Little Chute, Clara Barton; Mrs. John Haug and Miss Helen Stinson; Civil war nurses: John Perry and Raymond Peters; Civil war Union soldiers; George Barnes, Neenah, Henry Dunand; Mrs. E. M. Rideout, Hortonville; Red Cross of War; Mrs. Gustav Keller, Community.

Those who take part in the first section are Mrs. Harrison Fisher, motor corps; Mrs. Mabel Shannon, Mrs. M. F. Barreau and Miss Marie Ziegenhagen, sewing department; Mrs. E. Louise Ellis, Miss Jane Powell, Miss Margaret DeYoung, surgical dressings; the Misses Helen Sugerman and Marie Sherman, canteen service; Miss Ada Kethro, Mrs. W. F. Winsey, Mrs. William Nemacheck, knitting department; Mrs. Thomas Orblison, Mrs. Agnes Arnold, home service section; Dr. E. F. McGrath and Dr. J. L. Benton, overseas personnel and Mrs. Gustav Keller, community.

The second part of the first section is being put on by the following people from Medina and Dale: Bertha Schultz, county nurse, Melva Yanke, Laura Yanke, John Shebern, Mrs. A. E. Yanke, Mr. Hubbard, Mrs. Lyle Ray, Mrs. Richard Winkler, Mrs. Sam Ruppel, Miss Laura Brock, Miss Viola Brock, Miss Adelaide Winkler.

Mrs. Roy Marston will be Columbia and Mrs. E. E. Dunn, the Red Cross of Peace in the second section. The group which puts on the second part is:

Mrs. Eugene Orblison, Miss C. Van Slyke, Mrs. Sloan, Mr. Bentley, Leon Wolf, August Arens, William DeWolfe, Henry Rabold, Mrs. McMillan, Mrs. Aired, Mrs. Jarvis, Mrs. Ebert, Mrs. Percy Blount, Mrs. Derfeld, Mrs. Glen Meldam, Mrs. Grace Riegles and Mrs. Carl Elias.

Those who are in the third and fifth actions are: Richard Tutrup, Craig Stillman, a group of children from the Kimberly school, a group from the high school, a group of sixth grade girls under the supervision of Miss Jean Jackson, and a group of kindergarten children in interpretive dancing under the direction of Miss Genevieve Carroll and Pearl Runt. Mrs. Frank Gatin and five little children, Herbert Farrand is the returned soldier.

Attend the Dancing Party at Elks Hall, Saturday nite. Admission \$1.10.

modern laundry will be erected on the north side of the old hospital building. Also a new chapel will soon be under construction.

On June 26th, 1921 the ground or site of the new St. Elizabeth hospital was blessed by the Rev. Josephat Muesis, O. M. Cap., and the first shovel of earth was taken out by his priestly hand; he was followed by Ven. Mother M. Vitz, all the Sisters, Mr. Joseph H. Temme, Supt., all doctors and nurses present. On June 23, 1921, actual work for excavation was started and according to contracts the hospital will be finished by November 1, 1922.

The corner stone of this building was laid by his Grace Peter Paul Rhode, Bishop of the diocese of Green Bay, in the presence of the priests of the diocese, the ministers of the various denominations, the officials of the City of Appleton, the Rev. Mother Mary Veneranda, mother general, the Ven. Sister Mary Casimira, mother provincial and thousands of people of all denominations.

MAY ROBSON GOOD IN MEDIOCRE PLAY

A lot of Appleton folks forgot their troubles for about two hours Thursday night while they sat in Appleton theater and laughed at and with May Robson who paid her annual visit to this city in a new vehicle which answered to the name of "It Pays to Smile."

The vehicle wasn't quite as interesting as others which brought the famous actress here. It was hardly a May Robson play. It had a lot of pathos and a lot of laughs in it but it seemed to lack something that made May Robson one of the most popular actresses in the country.

No fault can be found with Miss

Robson's portrayal of her part. She would be good in almost any play. Her support, however, was not as good as it might have been. Some of the characters were exaggerated and were a little "stagey".

The audience wasn't as large as Miss Robson is accustomed to seeing in Appleton.

GOES TO HOSPITAL WHEN BRICK FALLS ON HIS HEAD

John Bowers, an employe of Saecker-Diderich, Co., was struck in the head by a piece of brick which fell from the company's building in the rear of the store Thursday and narrowly escaped having his skull fractured. He

was removed to St. Elizabeth hospital and the indications are he will be able to return home within the next two or three days.

SPECIALS FROM THE ART SECTION

WORSTED SWEATER YARN in tan, rose, China, blue, navy, brown, purple, heather, gray and black, full 2 oz. skeins. New low price skein 35c.

ROYAL SOCIETY CORDICHER COTTON in white, blue, pink, rose, yellow and lavender. Numbers 3 to 80. Priced at ball 10c.

LARGE SIZE STAMPED SCARFS and three piece buffet sets at each 48c.—GEENEN'S.

Thousands Bless Dr. Leonhardt, the Physician Who Discovered a Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID.

The Doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause.

Dr. Leonhardt wants every sufferer to benefit by his discovery and so that there will be no doubting or delay—all druggists are authorized to sell HEM-ROID with guarantee that it will be as stated or money back.

On that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID today.

\$500,000 WORTH OF NEW BUILDING WITHIN ONE BLOCK

Rapid Progress is Being Made
on Four Construction
Projects

Over half a million dollars is being expended on four new buildings on Superior-st. within a stone's throw of each other. They occupy corner sites between College-ave. and Washington-sts. and are well under way.

The new office building of the Aid Association for Lutherans is by far the most pretentious and will cost close to \$400,000. The new Brandt building on the opposite side of the street is estimated at nearly \$100,000. The addition to the Wisconsin Telephone Co.'s building will represent a large expenditure before it is completed. The new grocery store building of Walter Steenis is the only moderate sized building of the group and while the cost will be insignificant compared to the others yet it will answer all purposes for which it is designed.

The Aid association building is up to the second story and the second story is being put on the Brandt building which is as high as it will go. The exterior work of the addition to the telephone building is about completed and lathers are now at work on the new store building. With the exception of the Aid association building all will be inclosed before cold weather.

NEWSPAPER WOMEN WANT NATIONAL CLUB

Alumnae members of Theta Sigma Phi in Appleton will make application for an alumnae charter of the fraternity according to the plans made at the first meeting of the year which followed a dinner at Vismuelen's Teashop, Wednesday evening. The organization is the only national honorary professional journalistic fraternity for women. All the alumnae members in Appleton are former members of Upsilon chapter of Lawrence college.

Further plans for benefits for the Theta Sigma Phi Journalistic Register in Chicago which is making a complete survey of all journalistic positions open to women in the vicinity of Chicago were made.

The alumnae chapter will cooperate closely with the active chapter in the college and the two chapters will hold joint literary meetings most of which will be open to those who are interested in writing for periodicals, newspapers, etc. The chapter will include Mrs. Mary Beale Housel, dean of women of Lawrence college, the Misses Adela Klumb, Geraldine Pugh, Ethel Spaulding and Muriel Kelly. Edna Forber and Zona Gale are two well known honorary members of Beta chapter at Madison.

FARMERS OPPOSE LAND DECISION BY MORGAN

Hundreds of farmers residing along Lake Winnebago and the Fox and Wolf rivers are up in arms over the recent decision of William J. Morgan, attorney general, who proposes to throw open to the public the shores of all lakes in the state between high and low water mark.

Action taken by Mr. Morgan, it is asserted, would compel farmers to fence their land along the high water line and prevent them from using thousands of acres of land for pastures where the cattle can get water to drink.

Members of the Fox and Wolf River Relief association intend to show that the law on which Mr. Morgan bases his decision is not the law at present.

when it comes to hunting, as records in County Clerk Herman J. Kamp's office show.

Twenty-six men more than 60 years old have secured hunting licenses in this county so far this season. It is believed that there are a few others who have secured licenses at substations and these have not yet been reported to the clerk's office.

According to the records, Chris Riehl of Black Creek, age 76, and Police Sergeant James McCabe, of the same age, are the veteran nimrods of the county. Isaac Thorn of Bear Creek, age 74, is the next oldest. Then comes Carl Ludwig of Greenville, age 75, and Leonard Wittig of Appleton, age 72.

Hunters in the county who have withstood the vicissitudes of three score years or more are:

Appleton—John H. Cockayne, Dr. E. W. Douglas, Dr. H. E. Ellsworth, H. B. Eberhardt, Charles Kispert, John

New London—E. F. Brigum, and Adam Wolfarth.

Kaukauna—G. A. Traylor.

Bear Creek—Fred C. Hilker.

Only a very few youths under 20 have secured licenses this year and the majority of the hunters are between the ages of 30 and 40.

NO WORD FROM MADISON REGARDING NEW VIADUCT

So far the city authorities have had no word from the Wisconsin highway commission relative to the necessity of a viaduct across Fox river in Appleton and none is expected for some time to come. The officials have learned, however, that the commissioners have held one meeting at which the matter was taken up.

Old Timer is Back

"My friends had all given up and never expected to see me around again. I had given up hoping myself, as no medicine touched my case. The doctors had tried everything. My food did not digest and filled me with gas. My brother in Philadelphia wrote me to try Mayr's Wonderful Remedy. The first dose gave me wonderful relief and I am now as well as I ever was and feel thirty years younger." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. —Druggist everywhere. adv.

MALTED MILK FIRM MAY LOCATE HERE

Organization of a company capitalized at \$200,000 for the manufacture of malted milk is well under way according to rumors in circulation this week. The company will also sell pasteurized milk and cream and all kinds of dairy products.

The greater portion of the capital will be furnished by outside parties. It is understood the new company will absorb the Appleton Pure Milk Co. and will use its building until it can erect a new and commodious structure.

EXPRESS COMPANY ASKS LOCAL AID IN FIGHT ON TAXATION

Chamber of Commerce and
Big Shippers Urged to
Express Views

The American Railway Express Co. through its local agents is making a fight in Fox river valley cities against the retention of the war revenue tax on express shipment. The tax has been removed on freight and passenger fares and the company feels it is being discriminated against if it is left on express shipments.

The house of representatives repealed the war revenue tax on these shipments, but the indications are the senate finance committee now in session and giving consideration to the new revenue bill will retain it while eliminating the freight and passenger tax, or cutting the latter in half.

W. N. Kimball, local agent of the company, was instructed to get in touch with prominent shippers and industrial organizations for the purpose of calling their attention to the proposed action of the senate committee and to the necessity, if they desire

the tax on express transportation removed to communicate with the senate finance committee and with senators of the state urging action to that end.

Mr. Kimball has taken the matter up with the chamber of commerce and with prominent local shippers each of whom have notified the United States senators of Wisconsin of their disapproval of the retention of the tax. This matter is of particular importance to carload shippers who will be taxed \$30 or \$40 a car when they ship by express if the tax is retained.

BOWEL POISON MAKES YOU SICK

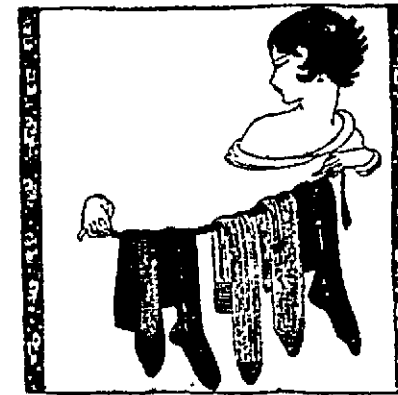

Your bowels may seem regular—move every day—yet your thirty feet of bowels may be lined with poisonous mucus which is being sucked into your blood, keeping you half sick, nervous, despondent and upset. Whether you have headache, colds, sour stomach, indigestion, or heart palpitation, it is usually from bowel poison. Hurry! One or two Cascarets to-night will clean your bowels right. By morning all the constipation poison and sour bile will move out—thoroughly! Cascarets will not sicken you—they physic fully, but never strip or inconvenience.

Willard Batteries

When is a
Battery Old?

Some men are young at eighty—others are old at forty. It's about the same way with batteries.

Their usefulness depends on the care they have had, the amount of work they have had to do, how they have been used, and most important of all—on the original quality of the battery.

There are many good reasons back of the decisions of the manufacturers of 173 makes of cars and trucks to use Willard Threaded Rober Batteries.

Come in and we'll tell you more about them.

ANOTHER CONCESSION BY SOVIETISM

Concession after concession to the capitalist system marks the gradual breaking-down of communism in Russia. The soviet government will not be able to restore radical theories, now that it has yielded the chief hobbies of common ownership and individual subjection one by one under the stress of necessity. It cannot be very long before the soviet form of government will have to change to pure democracy or representative republicanism. Only a few weeks ago private corporations were permitted, under the pseudonym of concessionaires, to take over and operate factories. Money was allowed to supersede barter. Farmers were granted the right to own land, sell their products and keep the profits. In other words, the government officially recognized the principle of individual ownership.

Concessionaires and cooperative associations are now able to buy machinery in foreign countries and to sell manufactured products outside of Russia. That is, industry is resumed on the capitalist basis which prevails in all civilized lands. Sovietism and communism are rapidly disappearing. Bureaucracy and theory are destroying them. Will Lenin and Trotsky endeavor to engineer the government toward a pure democracy? Logically that is the next stage in the transition. Should they be successful, the experiment would not be for long. Russia is altogether too large a country with too numerous and illiterate a population to govern itself by pure democracy. The republican system has been found by experience to be the most practical and so far as we know the nearest approach to permanency.

How the great change will be brought about in Russia is a matter of conjecture, but it is sufficient for the appreciation of the entire world, as well as its satisfaction, that socialism and communism are dead letters in Russia, and that the trial of the specious and illusory political system is a complete failure. There are vastly better avenues to reform than by the destructive and impossible route of socialism. The experiment in Russia ought to be a wholesome lesson for persons in the United States who have wandered off on this will-o-the-wisp tangent.

SCIENCE AND PROHIBITION

The scientists of Carnegie institute are feeding precious whisky to Albino mice. The report says that the liquor makes the mice grow faster, become stronger and ready to give battle to the cat. That pleases the vets.

The report, however, adds that prohibition mice lead in mentality. When subjected to difficult problems of existence or security they find their way out more readily than their tipsy brothers. That pleases the drays.

It seems to be a question whether we want muscular and courageous mice or whether we prefer shy and intellectual mice. Offhand we should say the Democrats probably would be for the former, and the Republicans for the latter. As between men and women the matter is open to argument. Women hold peculiar views concerning mice. Of course, the liquor fed mice may not be as strong as they think they are. That can only be determined when they have come in actual contact with the cat. On the other hand, who can say that total abstinence of itself produces mentality? Perhaps Mr. Bryan can help us out on this point.

From the standpoint of laboratory research our own opinion is that the evidence is not conclusive. Further investigations ought to be conducted. Incidentally congress, which is greatly concerned about a right solution of the problem, might make

an appropriation for the purpose. If we can really determine the superiority as between imbibing mice and prohibition mice we ought to be able to foretell in advance what the results of present governmental policies are going to be. Certainly it is neither safe nor prudent to leave the matter wholly to the prejudices of the Anti-Saloon and the Personal Liberty leagues. A scientific decision will be much more satisfying and it will be final.

SETTLEMENT OF VETERANS' CLAIMS

Much progress is being made with the organization of regional headquarters for the speedy adjustment of soldiers' claims. It is hoped that further progress will be as rapid as possible, as one of the most serious and aggravating phases of unemployment and distress is the neglect of ex-service men. Every community will feel bound in honor and patriotism to take care of disabled veterans until the federal government fulfills its obligations to them. Disabled veterans deserve the most loyal attention of their fellow-citizens in their home towns. Regional headquarters should be opened as fast as the federal veterans bureau can act. And the claims of veterans should be settled with dispatch. It is better for the veterans, communities and the government that adjustment of claims for compensation, hospitalization or vocational training should be the means of furnishing relief to disabled soldiers, as this is the right way.

A GREAT AMERICAN EVIL

It is said that for every seventy-six pounds of coal actually converted in mechanical energy, fifty-one pounds finds its way into the ash pit, while four hundred and forty-six pounds goes up the chimney as smoke and gases. The geological survey is authority for this analysis of one phase of the great American evil, waste. The chief field for invention and wealth is the elimination of waste. Few people realize until they investigate the matter thoroughly how little we get of real strength and power and good out of what we use, waste often claiming the principal share.

Up to this time in the development of our national existence we have not been seriously affected by prodigality, for the sole reason that our natural resources have been so tremendous we could waste them with impunity. With the increase of our population and a gradual reduction of our resources, we shall be forced to give attention to waste and to discover means to prevent it. We shall also be forced to adopt intelligent conservation, such as is involved in the movement for reforestation.

The unfortunate thing is that the American people cannot be brought to understand sooner that their natural resources are not inexhaustible. If they could but see this fact they would demand conservation and prevention of waste in order that they might preserve for future generations the inestimable benefit of resources, the finding of substitutes for which will impose burdens upon everyone and still further complicate the problems of existence.

TODAY'S POEM

By Berton Bracey

YOU KNOW IT
There'd be mighty little movement leading forward
To improvement.

There'd be mighty little progress we would make,
If we always stood in terror of committing any error.

If we wouldn't risk the chances of mistake;
But the wise grow clear-witted by the failures
They've committed.

And they don't persist in error very long,
And you'll find, in any season, they will always hark
To reason.

And will cheerfully admit it when they're wrong!

When you've learned to know your weakness, when
In humbleness and meekness
You can see the fault that led to your distress,
Then you're gaining useful learning and you'll find
Your footsteps turning
Toward the pathway that leads onward to success.

You'd be one of nature's wonders if you made no
Foolish blunders.

You'd be much too good for any human throng;
When you're right be duly grateful—for to boast
Of it is hateful!

But be quickest to admit it when you're wrong.

Many friendships have been broken through some
Hasty phrases spoke;
Which the speaker was too stubborn to retract;
Many hearts are torn asunder through an unadmitted blunder.

When confession of an error would be tact;
Since to err, they say, is human, every man and
Every woman.

Will find life a smoother road to move along,
And existence somewhat fairer if, in all this world
Of error.

They will honestly admit it when they're wrong!

HOW REPTILES MAY RULE WORLD
The world may be ruled by a race of biped reptiles in 1,000,000 years or so, according to J. A. Thompson, professor of natural history in Aberdeen university. The collared lizard of New Zealand, he explains, is already learning to become a biped, and if it masters the secret of man's supremacy the rest may follow.

Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual case cannot be considered. Address Dr. William Brady, in care of this paper.

VASOMOTOR FLAGELLATION

Somebody is forever dashing cold water on the joys of life, and though I am no advocate of vasomotor flagellation, I find I am no mean joy-killer myself.

My dear Dr. Brady:

I am a regular subscriber of your paper and a daily reader of your articles, which are very interesting and beneficial to me.

I am 70 years old. For the last 25 years I have been taking a cold plunge bath every morning, summer and winter. Recently, I see you doctors are discussing the question whether this is a healthful practice. I am six feet, two inches tall, weigh 130 pounds (weight below normal).

I would very much appreciate your opinion whether I should continue or discontinue the morning bath.

Yours very truly,

H. E. A.

The general rule which actual or contemplative flagellators of the v. m. nervous system may follow is this: If you feel refreshed, invigorated and delightfully warm after the punishment, it is probably doing you no harm, but if, on the other hand, you feel depressed, chilly, shivery, blue, languid, or unrefreshed after taking, the bath is an unusable waste of water. For most persons under 35 another general rule applies: No cold morning baths if you are under 35 years of age. I doubt what to say to Mr. A., but I believe that if I were in his place I'd keep right on flagellating my vasomotor nerves for at least another 25 years, and let the doctors differ as cordially as they like. Doctors have to disagree about little things like this, so that they may with better grace agree, in the council chamber.

I have never been able to convince myself that a cold water plunge, sponge or shower the first thing in the morning, every morning, is a beneficial or advisable habit. And this notwithstanding my rather peculiar negation of cold and exposure as imagined factors of disease. Space precludes mentioning the physiological reasons on which I base this disapproval of cold water bathing on rising from bed. Man is neither aquatic nor amphibian by nature. That is not a reason, of course, but merely an intruding note.

Personally, I am clean enough to pass muster in any other than a suffocating crowd. I'd swim once or several times every day if the weather and water were always about like we find them in the summer months in the north temperate zone. But it just seems to me that there is something unnatural and altogether too artificial about the shock of a cold water bath upon the vasomotor nervous system immediately after a night's sleep.

The vasomotor nervous system controls the distribution of blood, through alteration of the caliber of the arterioles and smaller arteries. It has an important influence upon normal and abnormal blood pressure. A cold bath for a time raises the blood pressure, if the reaction is agreeable. Healthy persons have a low blood pressure early in the morning. The cold bath may do them good, if the reaction is pleasant.

My substitute for cold water bathing mornings is cold air bathing—when cold air is available; anyway, an air bath. This is mild by comparison, of course. But the rest of the prescription—five to 10 minutes of room exercises—and I think you have that rarest of articles—"something just as good."

QUESTIONS AND ANSWERS

Drunkennes Inheritable

Kindly let me know whether drunkenness is inheritable.—M. S.

Answer.—Alcoholism or drunkenness is a form of degeneracy and degeneracy is a form of heredity, though the offspring may manifest criminality, drug habit, epilepsy or mental deterioration instead of alcoholism. It is the defective nervous constitution which is inherited. A normal person, of course, does not crave or require narcotic such as alcohol or drugs in order to meet the demands of life.

Bring This to His Attention

One of your articles which was brought to the attention of a friend of mine, prompts him to write the enclosed comment.

Dr. Brady starts his article with "The Medical Theories of a Generation Ago Are the Popular Delusions of Today."

Right! But he stops too short. He should have continued and said: The medical theories of today will be the popular delusion of a few years hence—especially vaccine and serum therapy.

Answer.—Vaccine therapy is no theory, but a great life-saving fact. Vaccine therapy saved millions of lives, soldiers and civilians, in the course of the great war.

Twenty-Five Years Ago

Friday, Oct. 9, 1896

Joseph Spitz was at Plymouth on business. George F. Peabody was visiting relatives at Fond du Lac.

Messrs. Peter Beck, Chester Williams, and John Burke attended a private dancing party given by the Misses Lillian Muhlolland and Bessie Sherman at Kaukauna.

Sales on the Outagamie county dairy board of trade were: Three hundred cheddars, 2 cents; 247 twins, 8 1/2 cents; 20 young Amers, 5 1/2 cents.

The second foot ball team of Ryan high school was to play at Kaukauna this afternoon. The lineup was to be J. Olmstead, D. Henry, F. Morris, P. Comerford, C. Cole, R. Kanouse, E. Harwood, A. Ritter, B. Harwood, D. Cuthbert and H. Bates.

Umbrellas were won by Joseph Keffend, Sr., Henry Gerry and Dr. Rodermund at a skating tournament at Harmonie hall the evening previous. It was decided to hold a series of tournaments and the officers elected to make the necessary arrangements were: President, H. D. Smith; secretary, C. A. Green; executive committee, Fred Petersen, Louis Schmidt, P. H. Ryan.

Among the civil war veterans who attended the reunion at the home of Dr. Byron Douglas were Jacob Kober, W. H. Chilton, J. H. Marston, D. J. Ryan, John O'Keefe, L. S. Knox, N. B. Clark, James Lannon, Sam Ryan, N. M. Edwards, J. E. Blackwood, James Wolcott, and John Day, all dead.

City Clerk Mike Gochneaux received a new typewriter and was making good use of it in dispatching the business of his office.

James Green and sons left for Menominee to get out their annual supply of pulpwood for the mills of the Fox river valley. They usually run two camps and employed 30 men.

BELLS HEARD EIGHTEEN MILES

The oral law of the Jews, consisting of many traditions touching the Mosaic law, tells that the ancient Hebrews employed large bells, which were called Megeruphita. These were used on different occasions by the multitude of temple officers and caused frequently such a noise in the streets of Jerusalem that it was hard to catch the words of a speaker. Their purpose was three-fold: To call the priests for service, to summon the Levites, and to warn the people to approach persons generally that the unseen might be brought to the gate named Nicanor.

Begging Abolished

By Frederic J. Haskin

Rochester, N. Y.—One progressive sign about this city is that it has done away with the days for starving foreigners, homeless babies, and the thousand and one other worthy causes that need assistance.

A man in another city where tag days are a perennial feature told of an interesting experience. He said that he had patronized three charities in one week, and on Saturday when he saw girls wearing pink crepe paper caps and carrying trays, he looked over to the other side of the street, thinking thereby to save a quarter.

All day long down town he kept out of the range of the pretty girls on the corners. But going home, he ran directly into one. She smiled sweetly and thrust something into his hand. He looked down to discover that he had been given a sample of soap.

Rochester manages to help its sick and blind babies and 40 other important philanthropies, and it does it in a systematic way. Philanthropy has become an efficient part of the city's machinery, and what is more unusual, the people are coming to know something about the relief and social welfare work of their city.

The Rochester system is a community chest. You doubtless remember the war chests which about 100 cities had. All the war relief work of these cities was financed by having one big campaign a year and keeping the money in a "chest" to be used when the appeals came.

After the war relief demands slackened, the war chests were mostly closed. But some 20 cities have continued the system, using it for all their local welfare work. According to Rochester, it is a great idea.

Rochester has its big campaign in the spring, with "Suppose Nobody Cared?" for the slogan. For one week, the whole city concentrates on raising over a million dollars in pledges and cash.

For those who want to know what an individual should give toward his city's philanthropies, the Community Chest Board made out an exhibit, merely as a suggestion. According to this, a wage earner might reasonably give one hour's earnings a week for seven weeks.

Plan Works Better
Some people have been in doubt as to whether as much money can be raised this way as with the old individual campaigns, where people give according to the emotions of the moment, the amount of change they happen to have, in order to get away. Rochester says it is raising more. It also has found that instead of the wealthy philanthropists of the city dropping the burden on to the shoulders of the wage earners, as some people prophesied, the city's best known givers have kept up to their standard. Some have increased their gifts.

The advantages of the community chest are sung with enthusiasm by the relief workers of the city. First, they say, each welfare organization that has a right to the people's help gets a fair deal. By the old regime, a tag day that came shortly after another one, never did as well, regardless of the amount of money needed, or the importance of the cause.

Now the relief organizations know how much money they have to depend on for the year, and can plan their work better. A financial statement is required of each agency before the spring campaign, and the goal for the campaign is set from these requirements.

Then the business man benefits by the single campaign system. Formerly, he was bothered at all times by representatives of charities who wanted his support. If he is approached

now, and he rarely is, he refers the organization directly to the community chest office. It investigates all such agencies that want public funds, and those that are worthy go on the community chest list. A welfare agency that seems less urgent or that is not organized to do its work efficiently, or that duplicates some other organization's work, is not given the city's financial support. If it wants to exist, it must finance its work by entertainments, or something of the sort.

The relief work that Rochester puts first is for the sick, helpless and suffering. After that comes social betterment of various kinds. Among the 42 philanthropies partly financed by the community chest are organizations that help the blind, the aged and the orphans, the boy scouts, social settlements, the "Y's" the Salvation Army and the Humane Society.

Less Time Wasted
An outstanding advantage to the organizations themselves is that they do not have to stage their own financial campaigns, so they have more time for their work. Some people, too, are being drawn into the social work of the city who refused before, because they disliked the begging end of relief work.

A point that Rochester considers of special importance is that the people are beginning to understand the purpose of the city's philanthropies. The fact that one person in 10 needs help at some time in life does not ordinarily impress people with its personal significance. If they have enough money to pay their bills they see no reason to imagine themselves as possibly becoming one of the city's problems. But sickness, unemployment, death, blindness, fire, or any other catastrophe does put many people in a position where they need help, temporarily perhaps. That emergency may never come, but to think for a minute what it would mean is enough to show the citizens of any community why they should support its philanthropic work.

The community chest manager shows the city what its relief and social welfare work consists of by steady publicity.

"Before we started the chest," said one worker at the headquarters, "about all the newspapers ever printed about philanthropic agencies was the fact that a certain organization had a meeting, followed by a list of those present, or maybe by a tabulated financial statement. And of course, nobody read it, and they knew very little about the clinics, and settlements, and homes."

"But now we keep in touch with the work of the agencies and hint out the human interest and interesting stories about the institutions. All through the year we don't give the people a chance to forget about the work that their money is doing."

Instead of people losing their enthusiasm for the one campaign a year in place of 50 a year, Rochester is adding new interests to its community chest burden and getting the money to support them.

Last year, one new project which the city agreed to finance was carrying 60 crippled children to a school. Most of these children were disabled by flu and infantile paralysis, and their parents had no way of getting them to a public school and back each day. A guild now takes them in an automobile to a school especially for them and sees that they get lunch.

This is a sample of the way in which cities are branching out in their philanthropic work. There are endless possibilities. To take two examples: Toronto has a street car which is reserved for children who want to go to the public bathing beach. It runs through a tenement district and gathers the children up free. No one else is allowed on it.

An entirely different need is met in Washington by a health clinic for working girls who aren't poor enough to be eligible for charity, but at the same time cannot afford the expense of X-rays, light baths, and sanatorium treatments. They can get them at this clinic, for what they can afford to pay.

It's a Bad Sign

when you get to the point where the boys in the office start calling you "the old man."

Don't let it happen to you.

Fall Suits for seniors that have passed the bridge of sighs.

Quiet patterns—dark mixtures with just enough youth in the model to let them all know you are still able to smell a mouse in an expense account.

MATT SCHMIDT & SON

Henry B. Wilson in command of the Atlantic fleet; and James Strauss in command of the Asiatic fleet. It is a rule of the navy that an officer holding any of these positions must have the rank of admiral during his tenure of office.

Q. Can you tell me what is the strongest wire in proportion to its weight? N. D.

A. Piano wire is considered the strongest in proportion to its weight.

Q. Will any materials withstand a temperature of 1200 degrees or 1500 degrees F.? W. C. H.

A. The Bureau of Standards says there are a number of materials that will withstand this temperature. Among these may be mentioned magnesite, plumbum, graphite, any brand of good molding sand. For the first three substances mentioned it would be necessary to use a pressure

of some kind to form a compact mold.
Q. Is there any law against wearing the feathers of any bird? D. W. B.

A. There is no law in this country against the wearing of feathers. There is a law prohibiting the sale of egret, the plumage of the white egret, but no law to prevent one from wearing these feathers who already owns them. The tariff act of 1913 prohibits the importation of the feathers of wild birds into the United States for commercial purposes. This law is said to have caused much smuggling, especially of bird-of-paradise plumes.

THE QUESTION BOX

(Any reader can get the answer to any question by writing The Appleton Post-Crescent, Information Bureau, Frederic J. Haskin, Director, 1086 College Ave., Appleton, Wis. This offer applies strictly to information. The Bureau cannot give advice on legal, medicinal, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. If a man enters a golf tournament and wins a prize for the qualifying round, is he obliged to play in the tournament? H. A. J.

A. The United States Golf Association says that players who do not continue in match play rounds of a tournament should be considered to have forfeited any prize that they may have won in the qualifying round.

Q. When will enlistment in the various branches of the service be reopened? J. H. A.

A. Enlistment in the navy and in the marine corps was reopened Sept. 15, and enlistment in the army was reopened shortly before that date.

Q. Can you tell me the membership of the American Legion? C. W. N.

A. The headquarters of the American Legion says that its total paid-up membership is about 1,000,000 and that about the same number of members are on rolls but not paid-up. Many of them are expected to pay up by the time of the legion convention which will be held in Kansas City, October 21-November 1. There is also a private Soldiers and Sailors Legion, which has a membership of 700,000.

Q. Can you tell me whether there is a country named Helvetia, and if so where it is located? R. U.

A. Helvetia is the old Roman name for what corresponds to the modern Switzerland, and the name is still

used in poetic references to that country.

Q. Is a prune a plum, and if so, how does it differ from other plums? G. R. S.

A. A prune is defined by horticulturists as a variety of plum which can be dried without fermentation. In most varieties of plums a fermentation about the pit takes place if an attempt is made to dry the fruit.

Q. What foods should be eaten by one who wants to lose weight? V. E. R.

A. Government authorities say that the following foods are best for one who wishes to reduce: Fresh fish of any kind except salmon or mackerel; lean beef, mutton, or lamb; chicken or turkey, without stuffing or gravy; stale bread, dry toast or crusts in small quantities; spinach, lettuce, celery, radishes, asparagus, cauliflower, cabbage, tomatoes, onions, turnips and squash by way of vegetables; and ripe fruits by way of dessert.

Q. How many Admirals of the navy have there been? S. J. L.

A. The position of the admiral of the navy has never been held by any one except Admiral Dewey according to the Navy department. At the present time no one holds the permanent rank of admiral. The rank of admiral is held during tenure of their respective positions by Robert E. Koonz, chief of naval operations; Hush Rodman in command of the Pacific fleet;

Gainer-Hartl Wedding
Miss Helen Gainer, daughter of Mr. and Mrs. Michael Gainer of Mackville, and Alois Hartl, son of Mr. and Mrs. Henry Hartl of Seymour, were married at 9 o'clock Wednesday morning at St. Edward church in Mackville.

The ceremony was performed by the Rev. George Schemmer. Miss Mary Thull of Oniro, a school chum of the bride, was the bridesmaid and George Heller of Oniro attended the bridegroom.

The bride wore a corsage bouquet of roses and lily-of-the-valleys. She was dressed in a dark brown velvet suit and wore a hat to match. Miss Thull was dressed in blue tulle and carried a bouquet of Chinese asters.

Fifteen immediate relatives and friends witnessed the ceremony and attended the reception which followed, after which the young couple left on an automobile trip to Niagara, N. D. They will be at home after Nov. 1 at the bridegroom's farm at Seymour.

Wedding at Seymour
The wedding of Miss Minnie Brinkman, daughter of Mr. and Mrs. Charles Brinkman of Seymour, to Chris A. Karrow, also of Seymour, took place in that city at 2:30 Thursday afternoon. The ceremony was performed by the Rev. F. Ohlrogge of the Lutheran church.

Miss Ida Witt, cousin of the bride, was the bridesmaid while Otto Brinkman was best man. After a short trip they will make their home in Seymour where Mr. Karrow is in business.

The young couple were surprised by more than 50 relatives and friends Thursday evening at the home of their aunt and uncle, Mr. and Mrs. John Witt, 880 State-st.

Schabo-Stutzman Wedding
A pretty fall wedding occurred Wednesday afternoon in St. Paul Lutheran parsonage when Miss Marvel Stutzman became the bride of Alfred Schabo. The ceremony was conducted by the Rev. T. J. Sauer.

The bride wore a brown traveling suit and carried a bouquet of bridal roses. The bridesmaid, Miss Serena Schabo, sister of the bridegroom, wore a blue traveling suit and carried roses. Ormo Stutzman, brother of the bride, attended the bridegroom.

Mr. and Mrs. Schabo left on a wedding trip to Chicago and Milwaukee and on their return will make their home at 638 State-st.

Miss Schell Weds
Announcements have been received by Appleton friends of the marriage of Miss Esther Schell, daughter of Mr. and Mrs. Adam Schell, to Lee C. Hawkins of White Pine, Tenn. The ceremony was performed in Chicago. Mrs. Hawkins is well known in Appleton having lived here during her childhood and school days. She has been living in Milwaukee and Chicago since she left Appleton. The young couple will make their home in Chicago.

Surprised on Birthday
Friends of Mrs. Edward Ward surprised her at her home, 435 Pacific-st. Thursday evening to celebrate her birthday anniversary. Sheephead and dice were played for which prizes were awarded to Mrs. Henry Krause and Miss Margaret Ulrick. Fred Kostzke and Ralph Everetts. Consolation favors went to George Knuth and Max Ulrick. A midnight lunch was served.

For Miss Robson
Dr. and Mrs. L. H. Moore entertained May Robson at dinner at their home, 626 Union-st. Thursday evening. The affair was confined to members of the Moore family because Miss Robson has not been meeting people socially since the death of her husband, Dr. Smith of New York, a short time ago.

Wed at Menominee
George Collohe of Appleton and Miss Mabel Benson of Niagara, N. D., who was here visiting, were married at Menominee, Mich., Tuesday, Oct. 4. They surprised their relatives and friends who were not

aware of the marriage until their return.

Surprise Party
Mr. and Mrs. John Miron were pleasantly surprised Thursday evening by a group of friends at their home in Little Chute. Cards were played and prizes awarded to Peter Weyenberg and Mrs. A. F. Greenwood of Appleton. A lunch was served to 22 guests.

Y. W. C. A. Meeting
Lillian Schalka of this city will be leader at the Y. W. C. A. meeting at Lawrence Memorial chapel Sunday evening. The annual Geneva meeting when the Lawrence delegates tell of their experiences at the Y. W. C. A. camp at Geneva will take place.

Card Prize Winners
Mrs. Theodore Wentink won the shafskopf prize and Miss Margaret McCormick won the bridge prizes at the regular meeting of the Knights of Columbus ladies. Four tables of cards were in play.

P. E. O. Luncheon
Appleton chapter of the P. E. O. Sisterhood entertained guests from the Manitowoc chapter at a 1 o'clock luncheon at the home of Mrs. A. E. Rector, Mead-st. Mrs. J. H. Tippet have charge of the program on Anton Tchekhov.

Announce Marriage
Mr. and Mrs. Jacob Petri of DePere, announce that the marriage of their daughter, Pearl, to Carl F. Zoll of DePere will occur at the bride's home, Oct. 20.

K. of C. Meeting
A meeting of the Knights of Columbus was held Thursday evening in K. C. hall. Routine business was disposed of.

Entertains Tuesday
Mrs. M. A. Wertheimer will entertain the Sigma Alpha Iota sorority at her home at Kaukauna next Tuesday evening.

Oxford Club Meets
The Oxford club of Lawrence college will meet at 7:30 Friday evening in Main Hall. Regular business will be taken up.

Marriage Licenses
Application for marriage license has been made to the county clerk by Oscar W. Broker and Ida DeGroat of Oneida.

Campfire Meeting
The Potawatomi campfire girls will hold a meeting at the Womans club at 7:15 Saturday evening.

Men's scrub ribbed union suits, no sag collar, ribbed cuffs and ankles, closed crotch, flat lock seams, medium fleece, \$1.19.
Gloudehans Gage Co. Adv.

THIN, FADED HAIR
NEEDS "DANDERINE"
TO THICKEN IT

35 cents buys a bottle of "Danderine." Within ten minutes after the first application you cannot find a single trace of dandruff or falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, helping your hair to grow long, thick and luxuriant.

Girls! Girls! Don't let your hair stay lifeless, colorless, thin, scrappy. A single application of delightful Danderine will double the beauty and radiance of your hair and make it look twice as abundant. adv.

STILL NEED 250 MEMBERS TO REACH MEMBERSHIP GOAL

Final Reports Will be Made at Meeting Next Saturday Night

Two hundred and fifty more members are needed to put the Y. M. C. A. over the top in the membership campaign. A total of 497 new members were secured by workers on Thursday, as announced at the final report at 9:30 Thursday night. The total number of members secured thus far is 1,253 as compared with 1,087 at the end of the third day last year. One hundred seventy-seven more members were secured on Thursday than on Wednesday. The campaign will continue until Saturday evening when a final report will be given and prizes will be distributed.

Pep talks were given by F. J. Harwood, A. F. Tuttle and the Rev. H. E. Peabody.

The team piloted by T. E. Orblison is leading in the balloon race with 127 members and has reached the altitude of 35,000 feet. Forty-two were secured Tuesday, 36 Wednesday and 49 Friday. Additional prospect cards were given to the campaign workers who will start on the last lap Friday.

Reports made by teams were:
Division A—L. J. France, 12; R. E. Carneross, 13; F. L. Agrell, 35; H. P. Buck, 14; E. R. Henderson, 15; Total, 89.

Division B—F. E. Schlitz, 15; G. E. Buchanan, 53; H. L. Dawson, 16; T. E. Orblison, 49; J. T. Bushy, 22. Total, 155.

Division C—C. C. Gochnauer, 16; E. E. Elias, 63; A. A. Durdell, 27; F. C. Rueter, 9; W. Zwicker, 25; Total, 140.

Division D—D. Podilinski, 12; P. Engler, 26; D. Bender, 35; C. Koepke, 29; A. Benke, 16; Total, 118.

REUTER WILL PREACH IN GREEN BAY SUNDAY

The Rev. F. C. Reuter, pastor of First English Lutheran church, is to preach a sermon in Grace English Lutheran church in Green Bay Sunday morning. The Green Bay church will observe its annual mission festival on that day. No services will be held in the local church.

The Rev. F. Ohlrogge, pastor of the Seymour church, is to preach in the afternoon at Green Bay.

Monthly Board Meeting
The board of vocational education held its monthly meeting at the vocational school Thursday morning. Routine business was transacted. A report was made on the evening school classes and evening school budget was presented for approval of the board.

2-DAY CELEBRATION OF ANNIVERSARY

St. Aloysius Young Men's Society is One of Oldest in State

St. Aloysius Young Men's society will celebrate the fortieth anniversary of its organization Sunday and Monday, Oct. 23 and 24, according to plans completed Thursday by the committee in charge.

The celebration will begin Sunday morning when the society will approach holy communion at St. Joseph church in a body at 8 o'clock. At 6 o'clock Sunday evening a banquet for past, present and honorary members will be held at St. Joseph hall. J. Herman Langenberg, the society's first president, will be one of the guests of honor on this occasion and will speak.

On Monday evening members of the society and their families and friends will hold a social at St. Joseph hall.

A number of members living outside Appleton have expressed their intention of attending the anniversary celebration. The society has the distinction of being among the oldest Catholic societies in the state and that reason has many former members living at a considerable distance from this city.

Members of the society are now making a campaign for new members and the initiation of a new class will be one of the features of the celebration. The society's club rooms have been redecorated and improved. New pool tables and other equipment has been purchased to provide winter entertainment for members whose ambition is to make the fall and winter a very active theatrical, social and athletic season.

MILLINERY SALESMEN HOLD BANQUET HERE

Twenty millinery salesmen of Milwaukee, Chicago, Minneapolis and St. Paul who cover Fox river valley territory, held a banquet Thursday evening in the French room of the Sherman house. It was followed by short talks by Frank Hale and Frank Kings, representing wholesale millinery houses of Milwaukee. Vocal and instrumental music was furnished by outside entertainers.

LEATHER HAND BAGS IN MOST COMPLETE SHOWING. Another new lot just received made up in a great variety of leathers, colors are brown, black, navy, gray and purple. Some are mocha lined and silk lined. SEE THE NEW SHAPES. Prices at \$3.50 to \$37.50. — GEENEY'S, adv.

excessive heat, the oyster is protected in such a way that the increased temperature does not affect the oyster.

Oyster Fritters
Twelve large oysters, 1 egg, 1 teaspoon salt, ¼ cup flour, ½ cup milk, pepper.
Beat yolk of egg till thick. Add milk and continue beating. Add flour and beat to a smooth batter. Add salt and pepper and fold in white of egg beaten stiff. Wash, drain, and pick over oysters. Dip each in batter and fry in deep hot fat. These fritters may be served with tomato sauce.

THIS WOMAN HAD LOST 53 POUNDS

Worried Only Ninety Pounds When She Began Taking Tanlac—Statement Remarkable

"I fell off fifty-three pounds, going down from one hundred and forty-three to only ninety," said Mrs. Jean Morris, assistant housekeeper at the Statler Hotel, Detroit, Mich.

"I suffered from extreme nervousness, which came near resulting in a complete breakdown. Somehow I managed to keep going and hold on to my position, but I kept thinking each day I would have to give up. My stomach was out of order and I felt miserable all over. My appetite was very poor and at times I had splitting headaches."

"I read of so many cases like mine being helped by Tanlac that I thought it might help me, too. So I bought a bottle and my appetite came back right from the start, and in a short time I was eating and sleeping much better. My nerves are much stronger and I sleep good all night long. My appetite is fine and my digestion is good, too, for I have already regained ten pounds of my lost weight and have just finished my third bottle of Tanlac. Tanlac has proved to be such a fine thing for me that I am glad to give my testimonial to be used in letting others know about it."

Tanlac is sold in Appleton by Voigt Drug Co. and by leading druggists everywhere.

BETTER GET YOUR Fall Shoes Now Better Get Them Here

Seems as if everybody wanted Fall shoes at once: the weather makes men think about it; and there are many men who think of Shoes and Rossmessl's in the same think.

We've certainly got the shoes for you here; and plenty of them. It's a remarkable stock for completeness and variety; and the most unusual values ever offered.

You can get some idea of it by a look at our window; it won't cost you anything to come in and see the shoes close up. Prices range \$4.45, \$5.45, \$6.95, \$7.95, \$10.00.

Rossmessl Shoe Co.

Coats and Suits for Fall and Winter

SATURDAY'S exposition of cool-weather garments is an index to the fashion thought of the world and a tribute to the thorough workmanship of American makers. We feel that our selections have brought us models, that are in every way as desirable as you might find anywhere in the land—as sure in point of stylishness, as evident in point of display, and without peer in point of value. You will not need to look beyond this store for exactly the garment to fit either your fancy or your purse.

Coats

Fabrics chosen not merely for show but for tailoring qualities that insure enduring shapeliness and intrinsic qualities that mean long and profitable wear. The silk linings are quality linings and exquisite to a degree. Where furs are used they are of carefully selected quality.

Suits

The variety runs from severely simple tailor models to elaborately embroidered, fancifully cut and richly fur trimmed styles meeting every need and every purse. We diligently sought—and found—that unmistakable quality in material and workmanship without which there can be no real value. In both coats and suits we can fit perfectly not only those of regular build but the very large and the corpulent, the undersized woman and the girlish figure.

we will assure you the best expression of your natural beauty in the simplest and most comfortable way. Our expert service protects you against regrettable buying mistakes.

SCOUTS HELP TO PREVENT FIRES

Three Squads Charged With Duty of Reporting Fire Hazards

Fire Prevention work is from Oct. 8 to 14.

But did you know that besides the city fire department, Appleton has a "fire prevention" squad that is always at work, irrespective of a formal fire prevention period?

This squad is composed of 30 boy scouts, ranging in age from 15 to 17 years. They are all first class scouts and nearly all of them are in high school.

The squad comprises three companies and each company patrols a definite portion of the city in fire prevention work. Company No. 1 has the First and Sixth wards, company No. 2 has the Second and

GIVES HER FIRST CONCERT AT HOME

Luella Chilson Melius, Appleton Girl, Sings Here Tuesday Evening

Luella Chilson Melius is returning to Appleton on Tuesday Oct. 11 to give her first concert since she arrived from Europe after more than a year's study with Jean de Reszke. It was Mme. Melius' express wish that she be allowed to give her first concert in her old home, Appleton, under the auspices of Lawrence College where she received her first training.

Mme. Melius will be remembered in Appleton as Luella Chilson, daughter of Dr. and Mrs. Chilson who lived for many years at 450 College ave. She entered the Chicago Musical college to study with Herman DeVries and graduated winning both a diamond, medal and a scholarship.

Lamb is a wholesome meat. It seems to be particularly free from the diseases to which many animals are subject.

EAT MORE LAMB

Fourth wards and company No. 3 has the Third and Fifth wards.

Members of company No. 1 are Robert Curry, captain, Phil Sutherland, lieutenant, Richard Tuttle, Beverly Murphy, Donald Hyde, Marvin Ellis, Boyd Schweiger, Kenneth Schweiger, Craig Sullivan and Melvin Schneider.

Members of company No. 2 are: Merrill Scheel, captain, Royal LaRose, lieutenant, John Ryan, John Harriman, Donald McGregor, Dudley Verwey, John Voigt.

The personnel of company No. 3 is Edward Dohr, captain, Harry Leith, lieutenant, John Scheibler, Joseph Dohr, Carl Grassberger, Reid Winsever and Anthony Vaughn.

Each man of every squad is responsible for reporting all fire hazards in one or more blocks. The companies engage in actual work of cleaning up rubbish, leaves and all other refuse which might lead to disastrous fires.

WILL CAUSE ARREST OF GAME LAW VIOLATORS

Hunters in the northern part of the county who are shooting rabbits and prairie chickens in violation of the law may find themselves served with warrants for arrest. Information has reached G. L. Chamberlain and other members of Outagamie County Fish and Game Protective association that this practice has been going on and action will be taken to stop the illicit shooting if the warning is not heeded.

FOR A HOLLAND FURNACE PHONE 1282.

WILD FOWL WORTH MILLIONS

Were killed in the United States last year. They furnished several million Americans with food and sport. And this year there are more ducks and geese than ever.

This abundant supply of waterfowl is due to scientific protection WHICH THE HUNTERS RESPECT.

There is now a move to improve the duck-hunting still more by creating public shooting grounds all over the United States.

If you are a hunter you should know all about the game laws, present and prospective. A complete digest of them for the whole United States has been published in an illustrated pamphlet by the Biological Survey.

This is a free Government publication and our Washington Information Bureau will secure a copy for any one who sends two cents in stamps for return postage. In filling out the coupon print name and address or be sure to write plainly.

Frederic J. Haskin, Director, The Appleton Post-Crescent Information Bureau, Washington, D. C.

In enclose herewith two cents in stamps for return postage on a free copy of the Game Law Booklet.

500-MILE ROAD TO BE READY IN 1922

Autoists Will Have Pavement All Way From Appleton to St. Louis, Mo.

How will it seem to start up the gasoline buggy next summer and drive on concrete, nothing but concrete, for 500 miles all the way from Appleton through Milwaukee and Chicago to St. Louis.

That is what every automobile owner will have in prospect when the highways now under construction are completed. The report of the Chicago Motor club says there now are only 21 miles of unpaved roads between Chicago and St. Louis on Dixie highway. By this time next year there will be but 20 miles of unpaved road between Green Bay and St. Louis, about 16 miles in Wisconsin and 4 in Illinois.

This approach toward the millennium in rural road building is significant to the local autoist, but it has perhaps more of a meaning to the northern resort section of Wisconsin. This 500-mile pavement and others being built everywhere mean open lanes that will lure many additional thousands of tourist parties from the warm southern regions to the cooling shade of the Wisconsin woods.

Better routes to Kilbourn, Madison, Lake Geneva and other points in the southern part of the state are promised when 1922 paving plans are carried out. It is said that the example of Outagamie co. is being emulated in many Badger counties, namely, providing paved arterial routes to connect its cities and towns.

Quit Tobacco

So easy to drop Cigarette, Cigar, or Chewing habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless, No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

MAKE SLOW GAINS IN FIGHT ON DIPHTHERIA

The five original cases of diphtheria in the First ward school reported to Dr. H. B. Ellsworth several weeks ago have been released from quarantine. Four additional cases have been reported since that time and all are recovering. As the school books of the First ward school have been fumigated by the health officer there is little danger of the disease spreading.

Mr. and Mrs. Frank E. Rice of Green Bay visited at the home of Mr. and Mrs. Michael Gainer at Mackville.

Mrs. Katherine Keefe has returned to her home at Menasha after visiting at the home of Mr. and Mrs. Michael Gainer of Mackville.

Don't Do These Things If You Would Avoid Fires

McGillan Offers List of "Don'ts" to Prevent Losses by Fire

A set of rules which if carefully and constantly followed would prevent all fires except those caused by natural forces has been formulated by George F. McGillan, chief of the Appleton Fire Department, to guide citizens and the schools of the city in formal observance of Fire Prevention day which is Monday, Oct. 10.

Chief McGillan places emphasis on the necessity of care in the disposal of cigarette and cigar stubs and in the handling of ashes because most fires

- Don't throw waste, paper in fire places!
- Don't throw cigarettes or cigars away if lighted!
- Don't keep matches in paper boxes or lying about!
- Don't use snapping parlor matches!
- Don't forget that matches are the beginning of many fires!
- Don't hang your clothing near open fires or stoves!
- Don't fill lamps after dark, and never when lighted!
- Don't allow rubbish in hallways or on fire escapes!
- Don't bury leaves and dead grass on a windy day!
- Don't forget to have the chimneys of your house cleaned once a year!
- Don't fall to look twice at everything that looks like fire!
- Don't leave everything to the land-lord; inspect your own building!
- Don't place gas stove, cooking range, boilers, furnace or stoves on a combustible floor. They should have six inch add space under them and the floor covered with sheet metal.
- Don't place any place, furnace stove or range less than twenty-four inches away from any non-fireproof wall partition or ceiling except that such distance may be reduced to twelve inches if the wall partition or ceiling is protected with at least one-fourth inch asbestos board covered with galvanized sheet metal. The above distance may be reduced one-half in case of stoves and ranges less than 16 feet in area.
- Don't pass any smoke pipe through any floor, outside window or door or through any combustible roof or combustible outside wall, closet, attic or similarly concealed space. Every smoke pipe passing through a non-fireproof partition should be encased with incombustible material at least four inches thick or with a double safety thimble.
- Don't place any smoke pipe nearer to any non-fireproof partition or walls than the diameter of the pipe.
- Don't fail to give the Fire department representatives every opportunity to make a careful examination of your property! They are trying to help you!
- Don't fail to notify the Fire department of anything you may see that is dangerous and liable to cause fire, remembering that every day is Fire-prevention Day.

EAGLES HALL
Sunday, Oct. 9, 8:00 P. M.
"Sins of the Children," also two reel comedy. Admission Free. Everybody welcome.

originate from these three sources. Investigation has shown that the average family is very careless in handling matches and the chief declares that if every household would only make provisions to safeguard this one item on Fire Prevention day, much of the entire program of fire prevention would have been accomplished.

- Here are 27 "Don'ts" prepared by the chief which if conscientiously heeded would administer the knock out blow to the fire demon of America that robbed the country of \$500,000,000 during the last year:
- Don't go into closets looking for clothing with a lighted match!
- Don't kindle fires in stoves with kerosene!
- Don't put hot ashes in wooden boxes or barrels!
- Don't thaw out frozen water pipes with a torch!
- Don't allow waste paper, excelsior and rubbish to collect!
- Don't use gasoline for cleaning in a closed room!
- Don't look for a gas leak with a lighted match or lamp!
- Don't allow lace curtains near gas brackets!
- Don't leave oily rags near stoves, or about buildings!

THE STAGE

The Four Horsemen
In a war-torn region of blackest Russia, a sad-eyed melancholy man sat among his books and reflected that the Prophecy of his Conscience had come true—that the Four Horsemen of unthinkable Power had descended upon the earth—riders whose several purposes were their names: Conquest, War, Famine and Death. And the matter of a man and a maid—the double pivot upon which swings a massive world—presented themselves as representative charac-

REMEMBER
the Candy Sale on Candy Day — Palace Tea Room & Candy Shop.

ters, fitted to portray the thoughtless attitude of the world at the breaking out of the Great War. Vincent Blasco Ibanez looked through the melancholy eyes of the lonely Russian and he saw what a thoughtful, fearful man must see—the inevitable truth. He placed his puppets in the heart of the turmoil; faced them with tragedies that followed in the trail of the Four Horsemen; set about to test their souls as only a master can test the inherent nature of man, and when the moment of "finis" came, it found these representative mortals quite ready to accept the several fates laid out for them. Metro's screen version of "The Four Horsemen" coming to the Appleton Theatre next Monday Oct. 10th, is a production that equals, if it doesn't surpass, the Ibanez book. Its characters are vivid, varied and exact, its settings marvels of achievement, and the production as a whole well worthy of the author of "The Four Horsemen of the Apocalypse."

POTATO HARVEST IS GETTING STARTED

A few farmers in Outagamie co. have started to dig their late potatoes and it is expected that within another week, harvesting of the late potato crop will be nearly over.

Very few late potatoes will be shipped out of the county this year as the crop is believed only sufficient to meet demands for home consumption. A farmer from near Hortonville who was in Appleton Wednesday said that his late potatoes were turning out very satisfactorily. He estimated the yield at 100 bushels per acre. It is believed, however, that this figure is at least 25 per cent above the average.

AUTO CATCHES FIRE AT END OF HUNTING TRIP

Just after he had driven up to his vulcanizing shop after returning from a hunting trip Thursday afternoon, flames burst out from the motor of the Buick roadster belonging to E. A. Stanton.

A call to the fire department only two blocks away and the hasty response of the chemical extinguishing equipment put out the fire before much damage had been done.

RADIO ENTHUSIASTS ELECT NEW OFFICERS

Three Classes of Memberships in Appleton High School Radio Club

Ten members of the Appleton Y. Radio club in a meeting at the high school Thursday night voted to change the name of the organization to Appleton High School club and elected officers to serve the next nine months.

The officers elected were: Dallas Jansen, president; Harvey Schroeder, vice president; John Harriman, secretary and treasurer; Einar Erickson and Miss Hallie Turner, instructors.

Members of the club will be classified according to three ratings agreed upon at the meeting. A test will be prerequisite to membership and if passed satisfactorily will carry with it the rating of junior. Later on a more difficult test will be given and those who pass will be seniors. After two years' practice a senior may qualify as an instructor. Diplomas will be issued to each class.

The next regular meeting of the club will be held Oct. 17. Club members are now making a canvass to secure as members all boys in the city who are interested in the science and practice of radio communication.

DYE THAT FADED DRESS YOURSELF

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes — no other kind — then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. adv.

Gas, Indigestion, Stomach Misery — "Diapepsin"

"Tape's Diapepsin" has proven itself the surest relief for Indigestion, Gases, Flatulence, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually. adv.

COOPERATIVE MARKETING FOR WISCONSIN SPUDS

Wisconsin farmers who desire to cooperate in the marketing of potatoes by more direct methods may be so through the Wisconsin Farm Bureau Federation according to an announcement Wednesday by the federation.

The federation offers to act as a clearing house in buying and selling potatoes because of the absence of a

cooperative potato marketing exchange in this state. This announcement said that many orders for potatoes are being received from the corn belt section and it is to accommodate the producer and the consumer that this service is being offered.

Potatoes to fill these orders must be United State grade No. 1, round whites, unless otherwise specified.

Misses Anna and Minnie Geenen left Friday for Chicago on business.

RUN DOWN AND SICKLY PEOPLE NOW REJOICING

Relief Afforded at Last Through the Untiring Efforts of Renowned Authority

According to W. A. Garren, noted authority on health, practically forty per cent of the people today are afflicted with what is commonly called a "run down condition." The main symptoms or "warnings" of this complaint he says are lack of vitality and energy, nervousness, irritability, exhaustion, stomach trouble, indigestion, constipation, impure blood, weak back, headaches, etc.

These ailments are caused by improper nourishment which is the direct result of an abused stomach and clogged up intestines, liver, and kidneys. Instead of getting all the health giving qualities in the food you eat your system is starving. That's why you are weak, thin and sickly.

When you feel yourself unable to do the things which require strength and endurance; if you are tired all the time, no energy, nervous and despondent, you should use Garren's Tonic the modern medicine which is now so successfully overcoming these complaints.

Garren's Tonic which is creating so much interest from coast to coast is made from those natural health giving herbs which enable your stomach to digest the food you eat, and vitalize your blood and nerves with the stamina which makes people strong.

Garren's Tonic is sold in Appleton by the Schilz Bros. Co., in Kaukauna by E. A. Meyer, in Greenville by H. H. Schulze, in Dale by Abends Pharmacy, in Bear Creek by John W. Stettler, in Seymour by S. G. McCord and by the leading druggists in every city.

FORMING WORLD COURT PROVED BIG TASK OF LEAGUE

Delegates to Second Assembly Leave Switzerland to Return to Their Homes

By United Press Leased Wire

Geneva.—Delegates to the second assembly of the League of Nations were Thursday leaving Geneva, to return to report to their respective governments the progress achieved in the 1921 session.

With the re-election of the non-permanent members of the league council, which will act for the league until next year, as its last official business, the assembly adjourned Wednesday.

Summing up and outlining the work accomplished here this year, President Karmabeek laid stress upon creation of an international court of justice as the most important achievement of the session just closed.

There was also, he said, the forming

DOCTOR WANTED IN EAST FOR LARCENY

Milwaukee Authorities Hold Physician and Wife Alleged to be Married Illegally

By United Press Leased Wire Milwaukee.—Claiming he had property and bonds valued at several thousands of dollars in New York, Dr. John Carter, formerly of Nassau hospital, Mineola, Long Island, taken into custody here, and said to be wanted in Pittsburgh, Hempstead, L. I., and Mineola, L. I., on grand larceny charges, gave power of attorney to Oscar Nebel of this city Thursday.

Carter said he was innocent of all charges against him. He testified he and Helen Stevens, nurse at Nassau hospital, were married in the Little Church Around the Corner in New York, September 26 and immediately came west on their honeymoon.

Carter was taken into custody on suspicion when he asked a doctor here to endorse a check for \$200, issued on the Irving National bank of New York. Police of the cities where he told of having lived, were notified and

URGE EARLY PASSAGE OF DEBT REFUNDING BILL

Washington — Passage of foreign debt refunding legislation at this session of congress was urged by Secre-

tary of the Treasury Mellon Thursday before the house ways and means committee.

The legislation is to be pushed through the house at "a very early date" Mellon was assured by the committee.

SEE INTRIGUE BACK OF JAP'S MURDER

Papers Found on Strangled Man's Body Showed Him in Foreign Secret Service

By United Press Leased Wire New York.—A trail of international intrigue, involving the secret service of at least two foreign powers, was believed by special investigators Thursday to lie behind the mysterious murder of Nitaro Yasuhara, a Japanese, found strangled in Hotel Empire Wednesday.

A general alarm has been sent out for another Japanese, who is believed to have lured the dead man to his doom. Evidence that the murder was committed according to the best scientific principles of Jiu Jitsu led police and detectives to the theory that a fellow countryman of the slain Yasuhara committed the crime.

Papers found upon the body of the victim indicate he was in the employ of another foreign power. Testimonials from a British government official are among documents which have been turned over to special agents in charge of the investigation. That the papers were left carelessly scattered upon the body of the victim lead to a suggestion of revenge.

The dead man was a cook, but no evidence could be found of his ever having worked in that capacity in this country. He was identified as having lodged at a Japanese club for some little time.

As for the suspected slayer, nothing could be learned of him, and it was believed he had come recently to this country in search of Yasuhara.

DRUNKEN BLACK AND TANS, CAUSE REIGN OF TERROR

By United Press Leased Wire

Cork.—Black and Tans, many of them said to have been drunk and alleged by inhabitants of Dunmanway to have caused a reign of terror, reminiscent of prearranged days, in that county Cork village last night. Volleys were poured down the streets, houses entered and civilians maltreated and one man killed, according to eye witnesses. The crown forces say they were first fired on from the town.

DENIES GUILT FOR KILLING DAUGHTER

By United Press Leased Wire Madison.—Martin Lemberger, arrested on a charge of second degree murder in connection with the death ten years ago of his daughter, Annie, for whose slaying John "Dogskin" Johnson is serving a life sentence, entered a plea of not guilty when arraigned in superior court Thursday morning. Bail was fixed at \$10,000.

Mrs. Lemberger and her son, Louis, arrested for perjury, were released on \$1,000 each.

Setting of the date for preliminary examination of the trio rests with Superior Judge A. C. Hoppmann. But Hill and Spohn, attorneys for the Lembergers, announced that they will ask a change of venue from Hoppmann's court.

Prosecutor Ted Lewis asked Hoppmann to name a special prosecutor because of the fact that he had had confidential relations with the Lembergers as state's attorney in the Johnson pardon case. He also announced his belief that the Lembergers are innocent.

Johnson was taken back to Wau-pun last night, his pardon hearing adjourned pending outcome of the Lemberger trial.

Never say "Aspirin" without saying "Bayer."

WARNING! Unless you see name "Bayer" on tablets, you are not getting genuine Aspirin prescribed by physicians over 21 years and proved safe by millions for

TO THE PUBLIC

A most cordial invitation is hereby extended to the citizens of Appleton and surrounding communities to attend the laying of the cornerstone of the new St. Elizabeth Hospital which is to take place Sunday, October 9th, 1921 at 2 o'clock p. m.

The new hospital was made possible through the generosity of the public and the sisters will be most pleased and feel highly honored to have our citizens present in large numbers. This will also afford an opportunity for all to note how much has already been accomplished.

Very respectfully,

Sisters of St. Elizabeth's Hospital

of a disarmament commission to draw up an international treaty with different disarmament plans, and the setting up of an international conference to control private manufacture of war material and traffic in arms.

Three new nations have been taken into the fold, Estonia, Latvia and Lithuania.

A new "white slave" treaty has been signed by many of the states, and will be signed by others. The assembly also urged the allies to speed up negotiations with the United States regarding mandates.

in return the police here were asked to hold him.

This wife was alleged to have said she had been previously married at New Brunswick, Canada, but even though she had not gotten a divorce, believed her marriage to Carter morally right. She is being held at the Big Sisters home here, while Carter is held at the police station.

FILM MAN SUES DEMPSEY; \$100,000 IS INVOLVED

By United Press Leased Wire Batavia, N. Y. — The \$100,000 suit of Frank Spellman against Jack Dempsey involving rights to fight films was expected to go to the jury Thursday.

Dempsey on the stand denied ever having made any arrangements with Spellman.

JAPANESE EMPEROR IS LOSING HIS FACULTIES

Tokio — The imperial household issued a bulletin Thursday declaring the condition of the emperor's health was unfavorable. It said he was experiencing difficulty in walking and talking and was losing his memory and power of concentration.

"The emperor's condition is generally worse," the bulletin said. "He has entirely lost his former health and energy."

WOULD CUT WAGES OF CANAL WORKERS

Washington, D. C. — Drastic changes in the administration of the Panama canal zone have been recommended to Secretary of War Weeks by the commission which recently made an investigation of the zone. It was learned Thursday. The commission was headed by Brig. Gen. W. D. Connor.

The commission is understood to have recommended, among other things, a reduction in wages and the elimination of advantages now enjoyed by the workers in the canal zone. Weeks conferred with Gov. Morrow of the canal zone and also heard the side of the workers through their representatives.

This is WHY KIRK'S JAP ROSE SOAP

Is Wonderful for the Bath.

No Roman Emperor or Empress enjoyed the luxury of such a bath as you can enjoy with JAP ROSE. Its delicate rose scent is pleasing, its froth of elfish bubbles are so easily obtained, and how it heals and soothes the skin, as well as cleanses it, leaving no particle of undissolved sediment or dirt behind.

For the hair too — You'll Like It!

A National Demonstration for the Relief of Women

Mr. H. H. Tice, of the Emerson Engineers, making time and motion studies on the preparation of meals. Note two stop watches, one to record the time of each individual operation, the other the total time of getting the meal. The operator wore a pedometer to register steps she took.

2,113 Daily Steps in Your Kitchen—1,592 Can be Saved with a Napanee Dutch Kitchenet

For the first time we know what exhausting effort you housewives spend in the kitchen every day! And at last we know definitely HOW MUCH of it can be saved!

A national demonstration is now on to tell women these vital facts. These supremely important discoveries are the results of scientific time and motion studies on the use of the Napanee Dutch Kitchenet in the preparation of meals. The tests were made under the direction of Mr. Harrington Emerson, the most famous living Efficiency Engineer.

Thousands were spent on the preparation of meals under scientific observation. Two famous domestic scientists were consultants. Stop watches recorded the time of each individual operation in preparing countless dishes. Pedometers registered every step taken.

The Napanee Saved 734 Steps on This Dinner

Pot Roast and Gravy	Mashed Potatoes	String Beans
Salad	Hot Biscuit	Apple Pie
		Tea

In getting this simple dinner without a Napanee, 996 wearisome steps were taken. The same operators in the same kitchen prepared the same meal with a Napanee, with only 262 steps. 734 fatiguing steps were saved! And they saved 10 per cent of time. Weary women everywhere will know what such saving means!

Stop the Kitchen Treadmill

Mr. Emerson's scientific experiments proved the useless drudgery and terrible burden of fatigue that women suffer.

They proved the Napanee would save 349 steps on a simple breakfast alone! That it saved 509 steps on the preparation of lunch—and 15 per cent of time! That it saved the amazing total of 1,592 steps on the three meals! That it cut the endless steps women take in the kitchen to ONE-QUARTER.

Such amazing savings are a godsend to all women. They are due to the more scientific design and the new and greater features of the Napanee. Let us show you these remarkable superiorities.

Women all over America are now learning their astonishing value. They are learning that no woman can afford to be without a Napanee. Come in now while the national demonstration is in progress.

A Statement by Mr. Harrington Emerson

It is clear from our scientific studies that the striking savings of the Napanee Dutch Kitchenet are along three distinct lines:

- 1—Saving of effort, fatigue elimination
- 2—Saving of time
- 3—Standardization of work

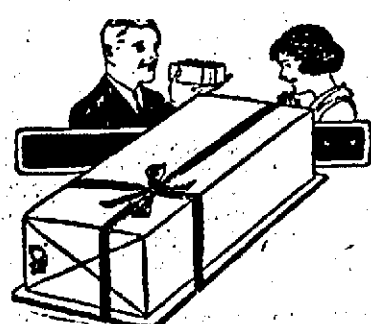

The saving of energy, shown by the large reduction in the number of steps, is very striking. By accurate quantitative measurement, three-quarters of this physical exertion is saved. It is reduced to one-quarter.

GMEINER'S
WHERE CANDY MAKING
IS A FINE ART

—About Our Candy

ON National Candy Day, October 8th, Saturday, we
urge the public to inspect our new place of business.
To our old friends and patrons we may state that we are
better prepared to serve them and to new and prospective
patrons we wish to place our sixteen years of experience
at progressive candy making at their service.

NUT CANDIES are in great demand at this time of the year. We
urge you to try our Peanut Candies and Peanut Brittles—the kind
that comes as a culmination of sixteen years progress toward
“exactly” what the public desires.

BITTERSWEETS — Do you realize the wide difference in the
various Bittersweets you purchase. Take an ordinary Bitter-
sweet, note the taste. Then choose one from Gmeiner's—There is
a world of difference. We use a dipping chocolate (Bittersweet)
covering, our own recipe—discriminating candy consumers will
want no other after a first trial.

MILK CHOCOLATE NOUGAT—A delicious candy with just the
right consistency and flavor to render it incomparable as a
chewing candy.

The Quality of our Candies is never effect-
ed by fluctuations of prices.

GMEINER'S

Candy Day

will encourage the buying of Candy all
over the country. When you buy, be
sure it's the best.

The Candy made in our shop is made
of highgrade materials, in clean, sani-
tary kettles.

Our Rounce Bar Will Suit Your Taste

THE PALACE CANDY SHOP

AMERICA'S market furnishes a great variety of food stuffs, among the most important of these is meat. Although most people realize the importance of buying good meat, hundreds of shoppers fail to realize this great factor of household economy. High grade meat cuts the waste to practically nothing, thus making the better cuts of meat cheaper in the end. Besides eliminating waste we are assured that this meat is handled in the most sanitary manner possible.

BEATRICE AND BERNICE BRAT
Special to Post-Crescent
Norman, Okla.—Twins will be graduated from the Oklahoma university at 15. They are Beatrice Brat and Bernice Brat, now 14, of Norman.
When 10 they completed the eighth grade and entered the Oklahoma high school, which they finished in three years. Then they entered the Eastern Normal school, Ada, though advised by professors that the work was too difficult for pupils of their age. And they completed two years' work with honors!
Now they have entered the University of Oklahoma. They have a junior standing there and with summer work will matriculate in 1½ years.
The twins' father did not begin his education until he was 23, at that time being unable to read or write, his wife teaching him these rudiments. At present he has two degrees and will finish the law course at the Oklahoma university this year. His wife has three degrees.

THREE GRIDIRON TEAMS GO INTO ACTION SATURDAY

Lawrence Plays Stevens Point Here—High School Goes to Antigo

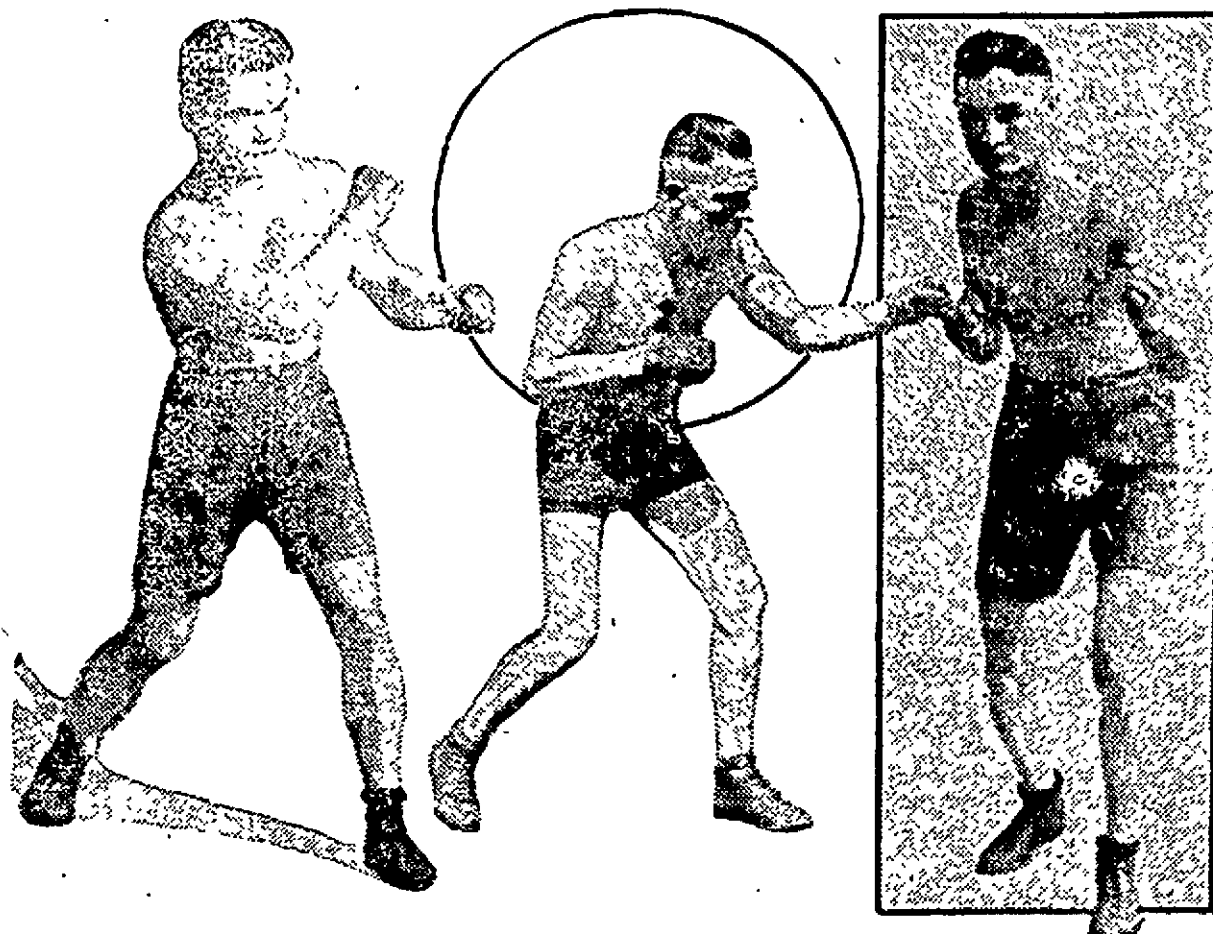

Appleton's gridiron representatives are all set for Saturday's football game. The high school team will leave early Saturday morning for Antigo where it will meet the high school in what may be one of the hardest games of the year. Antigo was in the running for the state high school championship last year and it is understood that it has pretty much the same team as a year ago.

Stevens Point Normal will furnish the opposition to Lawrence at Lawrence field. The Normalites are coming here loaded to humiliate McChester's men, it is said. The squad contains several men who have statewide reputations as football players, including one or two men who have played with the University of Wisconsin.

McChester is ready for the game. Heavy training was ended Thursday and Friday was devoted to running through signals and keeping the men in shape.

The freshmen team will play at Oshkosh against the normal school Saturday afternoon. That game will give the fans some idea of the strength of the Normal eleven which plays the Lawrence regulars here a week from Saturday.

Coast Scrappers Invade East

Left to right: Joe Gorman, featherweight; Frank Murphy, welterweight, and Bobbie Harper, lightweight.

Portland, Ore.—From out of the wild and woolly west to the land of money and championships advances a trio of Portland's greatest fistic stars, each the champion of his class on the coast, to participate in some of the battles in Rickard's Madison Square Garden in search of titles at their respective weights.

Joe Gorman, featherweight, who traveled into the hearts of New York pugilistic fans last winter again is going to the city of gay white lights to show his fighting wares in the Garden. Three fights are awaiting the little featherweight's arrival.

Bobbie Harper, lightweight, is making his second bow to the big city and will try to meet Champion Ben Leonard before he again starts on his way homeward.

Frankie Murphy, welterweight, is making his first visit to the metropolis, but before he finishes one scrap the ringsters and gallery gods will be yelling for more for the cyclone Irish muffer.

Two of their best pitchers beaten, the Giants bore nothing in their demeanor to back up: "We're not discouraged."

The great form shown by the Yankee pitchers, the impregnable defense of the infield that hasn't wobbled once, and a daring game of wild running on the bases that completely surprised the Giants, has made the Yanks a 3 to 1 favorite in the betting.

Since the Yanks first took the field Wednesday they have been the favorites of the home crowd, but their supporters did not back it up with money. The great reception given the American league champions when they appeared in the first two games had a very visible effect in flattening the spirits of the Giants.

The backs of the Giants really are flat against the well known wall today. One more victory by the Yanks will make their cause almost hopeless. The fighting spirit which brought the McGraw tribe to victory in the National league race when the Pittsburgh Pirates seemed to have it clinched, has been raising in this series. Compared to the dash and vim of the Yanks play, the Giants look like they are "dogging it."

INTEREST GROWS IN CITY SERIES

Interest in the final game to determine the amateur baseball championship of the city is growing rapidly. The Arcade and Forester teams, which will meet at Interlake park, Sunday afternoon, have large bodies of loyal supporters who will be on hand to root them to victory.

The odds are about even on the teams. Both have imposing good records and are well fortified by good pitching. There are many indications that it will be a pitcher's battle. The Foresters are putting a lot of confidence in Bauer, Heckel and Stoenbauer, as sweet a trio of amateur players as will be found anywhere. They field their positions well and are dangerous with the stick.

Both teams are in fine shape for the

POSTAL EMPLOYEES ARE MAKING QUARTERLY COUNT

The quarterly and semi-annual count of mail, whereby Uncle Sam gets his line on the profit or loss of the postal department, is now in progress at the Appleton postoffice.

The incoming and outgoing parcels for the city only will be counted the first 15 days of the month. The count is really five counts in one. Parcels must be counted according to zones, weight, whether incoming or outgoing, and the amount of postage. Some idea of the enormity of this task may be gained from the knowledge that 87 sacks of parcel post came into Appleton Thursday morning on one train.

This count is semi-annual, being held on April 1 and Oct. 1 each year. These periods are considered the duller of the year and if a profit is shown at these times there is no doubt that the postoffice is paying its way.

The rural carriers are counting the number of pieces of all the various

FABER HURT WHEN SOX DEFEAT CUBS

Chicago.—The White Sox of the American league gave their National league rivals a second beating in the series to decide the city championship, by winning 5 to 3, but in doing so probably lost the services of Urban Faber, their pitching ace for the remainder of the series.

Faber, in fielding Barber's grounders, turned on his knee as he retired the batter and had to be assisted off the field.

The American leaguers won the game in the seventh inning when they batted Martin to all corners of the lot and caused his retirement.

The game started as a pitching duel between Speed Martin and Faber, the Nationals putting the first run across the plate when Flack drove the ball over the right field.

The total attendance was 12,859; gross receipts, \$13,370. Commissioners' share, \$2,005.50; players' share, \$6,818.70; club's share, \$4,545.80.

DOUGHBOY TO PICK BODY FOR FUNERAL

By United Press Leased Wire
Paris.—The unknown soldier, whose body is to be brought to the United States and honored at Arlington, Nov. 11, will be chosen at Chalons-sur-Marne, Oct. 24, it was announced Thursday.

General Allen, commanding the army of occupation, has decided that a doughboy from the Rhine shall select the unknown soldier from five bodies of unidentified dead which will be assembled at Chalons-sur-Marne from five main A. E. F. cemeteries.

The body will be taken from Chalons-sur-Marne to Havre in a special train during the night of the 24th.

CATARHIAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

Says Pile Remedy Worth \$100.00 a Box

"I have had itching piles ever since my earliest recollection. I am 52 years old and have suffered terribly. I have tried many remedies and doctors, but no cure. About 8 weeks ago I saw your ad for Peterson's Ointment. The first application stopped all itching, and in three days all soreness. I have only used one box and consider I am cured. You have my grateful, heartfelt thanks and may everyone that has this trouble see this and give your ointment, that is worth a hundred dollars or more a box, a trial. Sincerely yours, A. Newth, Columbus, Ohio."

Peterson's Ointment for Piles, Hemorrhoids and old sores is only 25 cents a large box and at all druggists. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

BASEBALL FANS City Championship Baseball Game Interlake Park, Sunday, October 9th, 2:30 P. M. FORESTERS vs. JENSS ARCADE Support the Professionals of Tomorrow by Supporting the Amateurs of Today!

Friday. The Foresters have loads of confidence as a result of their win over the Interlakes last Sunday while the Arcades point to their season's record as an indication of what they can do.

An automobile truck line will be established Sunday to convey fans to Interlake park.

YANK VICTORY QUASHES BETTING ON SERIES

New York.—With the Yankees' second victory, betting on the baseball classic, never particularly brisk, was nearly nonexistent.

The lack of betting left the odds on the series problematical rather than an established figure. John Doyle, after Thursday's game, was quoting around 4 to 1 on the final outcome.

Fred Schumm of Brooklyn reported a bet of \$700 to \$1,000 on Friday's game with the Yankees favored, but the other bets reported were at even

SEE EVERY GAME OF WORLD'S SERIES at the Armory by special wire from the Ball Field, 1:00 and 8:30 P. M. daily. On an Electric Score Board that shows every play and every move of each player.

money. These were for small amounts.

Previous to Thursday's Yankee victory, Louis Cohen was reported to have placed a commission of \$27,000 offered by a group of Cleveland business men against \$25,000 raised here, that the Yankees would win the series.

RICHARDS TAKES WALLOP AT PROFESSIONAL GRID

Madison, Wis.—"Clean, amateur football and not professional football should be encouraged by civic organizations," declared Coach John Richards on Thursday, speaking before the Rotary club here.

"Clean sports has been the policy of the physical education department of the university," said Mr. Richards. "We recruit material from all healthy, normal students at the university. Cooperation among the players is more essential than any individual star to the success of the team."

"There is a danger that the so-called professional teams will use fanciful salaries to induce amateur stars to join them. Civic organizations like the Rotarians can preserve an sports by refusing to attend professional games which are for gambling purposes."

PETER MANNING SETS WORLD TROT RECORD

Lexington, Ky.—Peter Manning, Irving Gleason's great 5-year-old gelding, Thursday afternoon trotted the fastest mile ever recorded in a race against time, when he turned the goal at the Lexington track in 1:57 1/2.

Driven by Thomas W. Murphy, the speedy gelding went the first quarter in 0:26; the half in 0:54 1/2; to the three-quarter mile in 1:29, and flashed under the wire in 1:57 1/2. The new record clips a quarter of a second off the old mark held jointly by Peter Manning and Ulan. Ulan trotted a mile at Lexington on Oct. 3, 1912, in 1:58 and Peter Manning did this mark three weeks ago at Syracuse.

ROLLER SKATING AT BRIGHTON BEACH SUNDAY NIGHT. MUSIC BY MEMBERS OF THE METH LERY BAND OF APPLETON.

GIANTS LOSING HOPES AS YANKS FORCE FIGHTING

Another Win. for American Leaguers Will Practically Kill McGraws

By Henry L. Farrell
New York.—Heads up, feet stepping high, Miller Huggins and his Yankees have briskly into the third station of the world series journey today.

Wobbling behind on weary legs, the Giants of John McGraw beat a rather disconsolate tramp, two big games in the rear.

With seven of their heavy hitters hitless in two games, with the plate untouched in 18 innings, and with

THREE GOOD BALL GAMES IN VALLEY IN NEXT 2 DAYS

Games Will be Played in Appleton, Menasha and Oshkosh Parks

Only two or three more weeks remain of the 1921 baseball season but Appleton fans are assured of a few more good games before the curtain is rung down. Next Sunday the Brandts will meet the famed Calgary Black Sox and the next week the barnstorming Milwaukee Brewers will be here.

The Brewers originally were scheduled for Sunday but a change has been made. The Black Sox are on their way south from Canada where they have been playing all season.

The team defeated the Brandts early in the season.

The Brewers are to play at Menasha Saturday afternoon in an exhibition game. Large numbers of Appleton fans will journey to the neighboring city to see the game. On Sunday the Brooklyn National league team is scheduled to play at Oshkosh against a combination of Oshkosh and Menasha players. It will be the only appearance of a major league team in the valley this year.

ORIOLES EVEN UP "JUNIOR" SERIES

By United Press Leased Wire

Louisville, Ky.—Friday was an off day in the junior world series between the Baltimore Orioles, champions of the International league, and the

Louisville Colonels who won the American association contest. The series now stands one and one, following a 2 to 1 victory by the Orioles Thursday. Louisville won the series opener Wednesday, 16 to 1. Two more games are to be played at Louisville—one Saturday and one Sunday. Then the clubs go to Baltimore. The team which first wins five contests will be declared winner.

GIANTS SLUG WAY TO WIN IN THIRD GAME OF SERIES

(Continued from Page 1)

Ball 3. Peck flied to E. Meusel. Ruth up. It was Meusel's first change in the series. Strike 1 swung. Strike 2 swung. Ball 1. Ruth struck out swinging wildly at a low curve. E. Meusel up. Ball 1. R. Meusel safe at first on a hit that bounced off Bancroft's shins. Frisch made the play but too late. It was a single. Pipp up. Foul strike 1. R. Meusel out stealing. Snyder to Bancroft. No runs, one hit, no errors.

Barnes was pitching beautifully and fanned Ruth by alternating a curve with a slow straight one.
 Giants—Kelly up. Strike 1. called. Strike 2 swung. Ball 1. Foul. Kelly fanned, swinging wildly at a bad ball. E. Meusel up. Ball 2. Meusel flied to Miller. Rawlings up. Strike 1. called. Strike 2 called. Rawlings out. McNally to Pipp. No runs, no hits, no errors.

This was the first inning in which the Giants had failed to get a man on base. They were stabbing weakly at Quinn's spitter.

Sixth Inning
 Yanks—Pipp up. Ball 1. Foul strike 1. Ball 2. Pipp out Kelly to Barnes. Ward up. Ball 1. Strike 1 called. Ball 2. Ward singled to right. It was a hot liner that whizzed by Kelly. McNally to Pipp. No runs, no hits, no errors.

Seventh Inning
 Yanks—Quinn up. Strike 1. called. Ball 1. Quinn flied to Barnes who made a spectacular running catch in deep centerfield. It looked like a sure triple. Miller up. Strike 1. called. Ball 1. Ball 2. Strike 2 swung. Ball 3. Foul. Foul. Foul. Miller called out on strikes. Peck up. Ball 1. Strike 1. called. Ball 2. Ball 3. Strike 2 called. Foul. Peck out. Bancroft to Kelly. No runs, no hits, no errors.

It was the first time the Yanks had failed to reach first after the first inning. Barnes' marvelous catch seemed to hearten all the Giants, especially Barnes, who pitched more effectively than ever.

Giants—Frisch up. Frisch singled to center on the first ball. Frisch made a great effort for a shoe string catch but failed to hold the ball. Young up. Ball 1. Ball 2. Strike 1 called. Strike 2 tried to bunt. Young doubled past Pipp. Frisch pulled up at third. Kelly up. Foul strike 1. Ball 1. Ball 2. Ball 3. Foul strike 2. Kelly walked filling the bases. Meusel up. Foul strike 1. E. Meusel doubled to right, scoring Frisch and Young. Kelly pulled up at third. Rawlings up. Ball 1. Kelly scored and Meusel also scored when Rawlings singled to center. Quinn was taken out of the box and Rip Collins replaced him. Quinn's collapse came very suddenly. He became wild and got in the hole on nearly every batter in this inning. The Giants started to wait him out and beat cleanly all the good ones. Snyder up. Strike 1. called. Ball 1. Rawling out, stealing. Schang to Peck. Ball 2. Snyder singled to center, a Texas leaguer in front of Miller. It was Snyder's third hit. Barnes up. Barnes singled to left. Snyder taking second. Burns up. Strike 1. called. Strike 2 swung. Ball 1. Burns singled to center but Snyder held third. Bancroft up. Ball 1. Strike 1 called. Bancroft flied to Ruth. Snyder scoring after the catch. Frisch up. Ball 1. Ball 2. Ball 3. Strike 1 called. Frisch walked filling the bases. Young up. Ball 1. Ball 2. Strike 1 called. Young smashed to

DEATHS

GOTLIEB SYLVESTER
 Gotlieb Sylvester, 51, died Friday morning at his home, 517 Eldorado-st. He has been a resident of Appleton for 50 years. He came to this country in 1865.

The decedent is survived by his widow and the following children: Mrs. Minnie Schultz, Harry, Bertha, Rosa, Lena, Riesenweber and Mrs. Rosa Sorenson, all of Appleton. Funeral services will be held at 2 o'clock Monday afternoon from the late residence. The Rev. Mr. Bernhardt will be in charge.

JULIUS PEERENBOOM
 Julius Peerenboom, 84, pioneer retired merchant, died at 4:15 Friday morning at his home, 904 Seventh-st. He suffered a stroke of paralysis five weeks ago. He came to Wisconsin in the early '50's, making his early home at Little Chute. Later he engaged in drygoods business in Appleton in the firm of Peerenboom and Kober. He was a member of the Catholic Knights of Wisconsin.

Decedent is survived by his widow and seven children, Morris, George, Evelyn and Belle; Appleton; sister Inez of the Dominican order, James, Fond du Lac; Mrs. Nolan, Bremerton, Wash., and 11 grandchildren. Funeral services will be held at 8:30 Monday morning in St. Mary church. Burial will be in St. Mary cemetery.

L. BONINI

center field for a triple scoring Barnes. Burns and Frisch ahead of him. The drive was far over Miller's head to the center field fence. His second hit of the inning. It was also the clout that drove Collins to the showers. Tom Rogers, the Buffalo recruit, relieved Miller. Kelly up. Ball 1. Strike 1 called. Ball 2. Ball 3. Strike 2 swung. Kelly out. Rogers to Pipp. Eight runs, eight hits, no errors.

Skate at Brighton
 Roller skating has been resumed at Brighton beach. Music is furnished by members of the artillery band.

D. J. McDonald of Winnipeg is visiting Appleton relatives.

And Now New Gloves

Of course they are not more important than they were; but they require more discrimination than ever in the selection, for styles and kinds have multiplied in recent seasons.

The showings of suede-like fabric gloves include smart new models in plain and fancy stylings—

Chamoisuede gloves in two class model with two toned embroidery backs. Shown in beaver and covert. A distinctive glove at 69c.

Chamoisuede strap wrist gloves with pique sewing and heavy embroidery back. These gloves come in mastic only. \$1.32.

A novelty strap wrist glove has a pleated cuff and contrasting embroidered backs. It is a chamoisuede in either covert or mastic. \$2.25.

Elbow length chamoisuede gloves in mastic only are specially marked at \$1.39 while they last.

Excellent quality chamoisuede gloves in shades of brown and butternut. They are elbow length and a very desirable model at \$1.73.

An extra value is offered in children's chamoisuede gloves. They are a good shade of tan. 59c.

—First Floor
